FAX: (907) 269-8907

September 2011

Dear Volunteer Applicant:

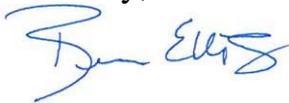

Thank you for your interest in Alaska State Parks and our "Volunteers in Parks" program. Each year hundreds of people enjoy the state as park volunteers in some of Alaska's most scenic settings.

This year, we are seeking more than 150 volunteers for positions throughout Alaska. More than half of these volunteers are campground hosts. Hosts stay in the campground and assist the ranger with campground maintenance and visitor contact. Individual host positions are described in the Campground Host chapter of this catalog.

The remaining positions cover a wide range of assignments, from naturalist to trail crew, and are detailed in the Other Volunteer and Volunteer Internship Position chapter. Some of these positions are during the winter. College credit is available for intern positions.

Best wishes in your upcoming adventure as an Alaska State Parks volunteer. Time in Alaska is an experience you will never forget!

Sincerely,

Ben Ellis
Director, Alaska State Parks

“Develop, Conserve, and Enhance Natural Resources for Present and Future Alaskans.”

General Information

Qualifications

Volunteers must be 18 years of age or older, and a US citizen. There is no upper age limit, although volunteers must be in good health. Minimum time commitment and additional requirements, such as skills and education, are listed with each position description.

Volunteering, even without compensation, is considered work under a tourist visa. Unless your visa specifically states that you may work in the United States, you cannot apply for a volunteer position. If you have a J-1 Visa, or another type of student visa, you are limited to studying and working with approved programs. Alaska State Parks volunteer program does not qualify for the J-1 Visa program.

Due to the high cost of insurance coverage for minors, volunteers must be 18 years of age or older.

Transportation

Each volunteer is responsible for transportation to and from Alaska. If you are driving from the continental United States to Alaska, you must have a passport or other accepted documentation to travel through Canada.

How to Apply

Read the following position descriptions and choose the ones that interest you. You may apply for as many positions as you like, filling out an application for each desired position. ***Return the completed application(s) to the address listed with each position or area.*** Please specify a park and position title. If you list “anywhere” for the park and “anything” for position title, your application will not receive as much consideration as an application for a specific volunteer position. Duplicated copies are accepted. Individual applications must be submitted for couples when applying for campground host positions. If you have questions specific to a particular position, call the ranger or area office listed for that position. If you have general questions on the volunteer program not answered in this catalog, contact the Volunteer Coordinator by phone: (907) 269-8708, or e-mail: dnr.pksvol@alaska.gov

If you are interested in receiving college credit for your work, fill out the Supplemental Volunteer Intern Application, located on the reverse side of the Volunteer Application. See *Intern and Other Volunteer Information* on page 7 for more information on internships.

On-line applications are available at: <http://www.dnr.alaska.gov/parks/vip/vipapplication.htm>
Applications are emailed to the volunteer coordinator and passed on to the area rangers.

Applications must be received no later than April 1st and no earlier than September 1st for the following summer. Any exceptions to these deadlines are noted in the position description. *Many positions are filled before April 1st, so it is best to send your application in as soon as possible. If you are sending applications in March, you might call first or check our web site to see if the position(s) are still open.* Some of our rangers work seasonally; so do not be concerned if you do not receive an immediate reply, particularly from November thru January. You will receive notice within two to three weeks of mailing in your application that we received your application and the status of the position you are applying for.

Miscellaneous

While many positions have a subsistence payment, it is best for the volunteer to have enough money to live for the first month of volunteering. This allows time to process checks through the state accounting system. The Subsistence payment varies between \$100/month - \$500/month, with maximum amount paid \$500 per month not to exceed \$25 a day. No goods or services may be provided beyond the subsistence payment.

If you wish to bring a pet, check with the ranger in charge of the position you are interested in. Approval for pets is given on a case-by-case basis unless stated “No Pets” in the host positions.

Campground Hosting Information

What Do Campground Hosts Do?

Hosts are on-site representatives of Alaska State Parks. They welcome campers, acquaint them with park facilities and regulations, answer questions on local and statewide attractions, and help visitors plan their trips. Hosts help the park rangers with the day-to-day operation and maintenance of campgrounds; this includes litter pickup, light janitorial maintenance, and repairs. Special park projects can be designed based on a host's skills and interests. All hosts must have enthusiasm for working with the public, a willingness to learn about Alaska, and the desire to accept new challenges.

What is a Campground Host's Season?

The camping season in Alaska is generally from mid-May through mid-September. Some campgrounds are open year-round or have extended seasons. Hosts are requested to volunteer 30 to 40 hours per week for at least four to six weeks. Hosts may stay the entire season and some areas may rotate hosts among campgrounds for a broader experience. Alaska State law AS 28.10.121 and AS 28.15.021 requires any person residing in Alaska more than 60 days to obtain an Alaskan drivers license and registration for their vehicle. Rangers will try to balance a host's schedule with visitor season demands. The minimum time commitment and length of season for a specific position is listed under the Season category with each position description.

Where Do Hosts Live?

Volunteer hosts live in their own RV, motorhome, or trailer, at a special campsite. Because campground hosts are the "ambassadors" for Alaska State Parks, their "residence" must be neat and well-maintained. Alaska State Park campgrounds are rustic, but clean and beautiful. Each campsite has a parking pad, a picnic table, and a fire pit. Each campground has water, latrines, and trash containers. Some host locations have access to telephone and electricity. Nearby communities and lodges have sanitary dump stations and most other services. Generally, the campgrounds are near recreation attractions - lakes, streams, mountains, fishing, and wonderful views. A few campgrounds have a small frame cottage or log cabin for the hosts to stay in. This is noted under the category of *Amenities* listed with each position description.

What Will Hosts Receive?

Campground hosts stay free in an Alaska State Park campground and have free use of all facilities. Each host or host couple will be trained by the ranger staff and will receive a volunteer uniform. In addition, a subsistence payment may be available for longer commitments, ranging from \$100-\$500 a month. See the *Amenities* category listed with each position description for more information.

How often is the catalog updated?

The catalog is updated every two years and available September first, both in hard copy and on the Internet for the following summer. Volunteer positions are posted on the Internet with vacancy status at www.alaskastateparks.org under the heading of "Volunteer Program." The list is kept current with available and filled positions.

Note: Please read page 5, General Information, on how to apply.

Intern and Other Volunteer Information

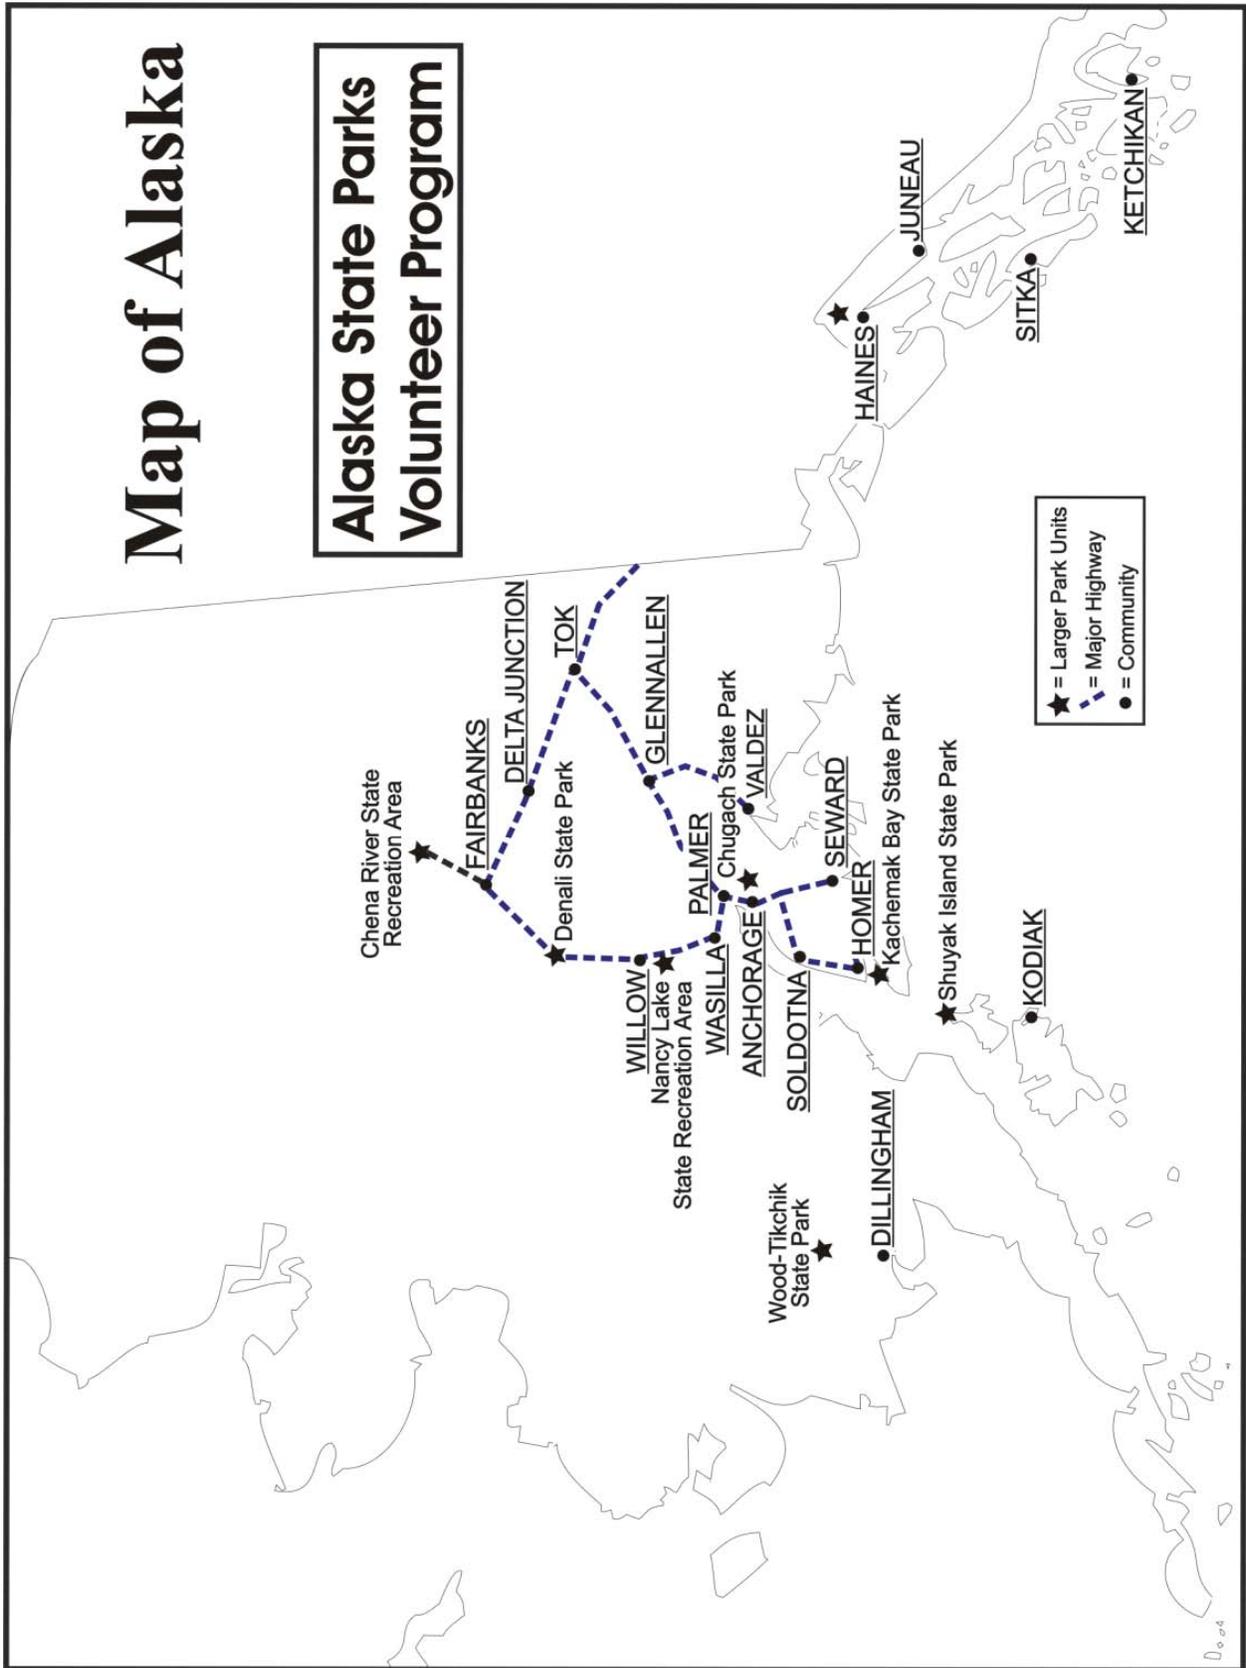

Every position is a volunteer position and is open to all applicants. Some of the volunteer positions additionally qualify for internships. Volunteer internship positions are made available to students or graduates seeking supervised practical training toward college credit. Intern positions are listed below by title, job area and job description page number.

Rosehip Campground - Chena River State Recreation Area

This campground is located at mile 27 Chena Hot Springs Road, next to the Chena River. It contains 38 campsites with low use on weekdays and moderate use on weekends. Rosehip is one of the many “take out” points for canoeists on the Chena River.

Special Projects: Monitor campground fee program, annual decal sales, and firewood sales. Provide visitor information and assistance. Perform minor campground maintenance, litter pickup, and minor landscaping. Clean restrooms and assist with janitorial maintenance.

Amenities: Dry camp, dump tank, and subsistence payment.

Season: 7-8 weeks minimum, late May to early September.

Preference given for longer commitments.

Contact: Mark Overholt

Email: mark.overholt@alaska.gov

Tors Trail Campground - Chena River State Recreation Area

This campground has 23 campsites and is located at mile 39.5 Chena Hot Springs Road, along the Chena River. The 15 mile Granite Tors Trailhead is located in the park. Moderate use on weekdays, and busy on weekends. Favorite for hikers, day use and “put in” point for canoeists.

Special Projects: Monitor campground fee program, annual decal sales and firewood sales. Provide visitor information and assistance. Perform minor campground maintenance, litter pickup, and minor landscaping. Clean restrooms and assist with janitorial duties.

Amenities: Dry camp, dump tank, and subsistence payment.

Season: 7-8 weeks minimum, late May to early September.

Preference given for longer commitments.

Contact: Mark Overholt

Email: mark.overholt@alaska.gov

Harding Lake State Recreation Area

The recreation area is on the North shoreline of Harding Lake, approximately 45 miles Southeast of Fairbanks on the Richardson Highway. The large campground consists of individual walk-in sites, a 20 vehicle capacity camp-a-lot section, and an additional 20 sites overflow area for self contained RV units during busy holiday weekends. Harding Lake is a very popular weekend getaway destination for the residents of the Fairbanks area. Recreational boating, fishing, picnicking and beach activities make Harding Lake a busy park during the warm and sunny summer months.

Routine host projects: Monitor campground, boat launch and fee program; assist with firewood and decal sales; assist campers and day users; maintain visitor use logs; perform minor maintenance, clean and maintain restrooms; assist with the operation of the Harding Lake entrance fee station.

Amenities: Subsistence payment; electricity, phone, sanitation and water hook-up; showers at Harding Lake Ranger Station. Several convenience stores are in the area, major services in Fairbanks and North Pole, within 45 miles of park.

Season: 7-8 weeks minimum, late May to early September.

Preference given for longer commitments.

Contact: Ranger Nikki Potter

Email: nicole.potter@alaska.gov

Salcha River State Recreation Site

Salcha River SRS is located along the Richardson Highway approximately 42 miles Southeast of Fairbanks; it is a popular river access point for tourists, fishermen, and riverside property owners. Generally the weekends are busy, due to the proximity to Fairbanks. Fishing is very popular, especially in July when the King Salmon are running. The parking lot can accommodate 100 vehicles, including trailers and RVs. A small campground is located at the Salcha River State Recreation Site with a large gravel bar adjacent to the park for additional camping and parking. The Recreation Site's main feature is the boat launch, which provides the only improved access to the Salcha River. Tables, fire pits, water and vaulted restrooms are available also for the picnic/day use area along the river.

Routine host projects: Monitor campground, boat launch and fee program; annual decal sales; assist campers and day users; maintain visitor use logs; perform minor maintenance, clean and maintain restrooms; may assist with the Harding Lake entrance fee station.

Amenities: Subsistence payment, rustic cabin on the river, showers at Harding Lake Ranger Station (approximately 3 miles away). Convenience stores in area, and major services in Fairbanks and North Pole, within 45 miles of park.

Season: 7-8 weeks minimum, late May to early September.
Preference given for longer commitments.

Contact: Ranger Nikki Potter
Email: nicole.potter@alaska.gov

Birch Lake State Recreation Site

This recreation site is located approximately 60 miles southeast of Fairbanks along the Richardson Highway at Mile Post 306. The Birch Lake facility includes a double wide boat launch, swim beach, day use/picnic area, 17 pull-in parking spaces and 5 tent campsites. Boating, fishing, picnicking and beach activities are popular at this site.

Routine host projects: Monitor campground, boat launch and fee program; annual decal sales; assist campers and day users; maintain visitor use logs; perform minor maintenance, clean and maintain restrooms; and may assist with landscaping needs.

Site Amenities: Subsistence payment, propane, rustic cabin, showers at Harding Lake Ranger Station (approximately 15 miles away), convenience stores within 10-15 miles, and major services in Fairbanks, North Pole, and Delta Junction, within 45 miles.

Season: 7-8 weeks minimum, late May to early September.
Preference given for longer commitments.

Contact: Ranger Nikki Potter
Email: nicole.potter@alaska.gov

Creamer's Field Migratory Waterfowl Refuge

This 2000-acre state refuge is only 3 miles from downtown Fairbanks. The pastoral setting is popular with locals and visitors. The weather is often warm and sunny. A dairy farm from 1910 to 1966, Creamer's is now a refuge managed by the Alaska State Department of Fish and Game. A variety of habitats support a diversity of plant and animal communities. Farm roads and trails lead from dairy buildings to fields, wetlands and forest.

Duties: Staff the Farmhouse Visitor Center, greet visitors to refuge, sell gift shop items, and maintain visitor use logs, grounds keeping, some maintenance, and minor litter pickup/janitorial. Host may assist with the interpretive programs depending on experience.

Amenities: Private parking for RV with full "hook-up": electricity, water, telephone and sewer. Private shower is within pleasant walking distance.

Duty Periods: Six weeks of long weekends only (Saturday, Sunday and Monday): mid May to late June, or late June to early August, or early August to mid September.

Contact: Mark D. Ross, Alaska Dept. of Fish & Game

Quartz Lake State Recreation Area

Quartz Lake recreation area is a great place to visit. Recreational opportunities abound. Whether you enjoy the feel of a 20 inch rainbow trout on the line, the breathtaking view after a hike to Bluff Point, or sitting around the campfire with friends. Wildlife viewing, camping, picnicking, playing volleyball, swimming, playing horseshoes, and water skiing are also popular summertime activities. This 600 acre recreation area borders two lakes and has facilities adjacent to the lakes to accommodate the large crowds. The campgrounds are located 15 miles north of Delta Junction in Interior Alaska, where summers are usually warm and dry, providing for the best recreational weather in the state.

Special Projects: As arranged

Amenities: Subsistence payment, log cabin

Season: 7-8 weeks min. commitment, 5/24-7/9 and/or 7/9-9/4

Contact: Maureen Gardner – Delta

Email: maureen.gardner@alaska.gov

Clearwater State Recreation Site

A beautiful little campground lies tucked beside a crystal clear river offering a peaceful place to visit. Many visitors enjoy this recreation site for its well-kept campsites and for the picnic area. Others enjoy this site for the river access provided by the boat launch. Beside the excellent fishing opportunity for Arctic Grayling and salmon, many people enjoy the opportunity to float the Delta-Clearwater River. If you are traveling in the spring or fall, Clearwater SRS is an excellent place to see sandhill cranes, swans, geese and other migratory birds. The campground is located 17 miles east of Delta Junction.

Special Projects: As arranged

Amenities: Subsistence payment

Season: 7-8 weeks min. commitment, 5/24-7/9 and/or 7/9-9/4

Contact: Maureen Gardner – Delta

Email: maureen.gardner@alaska.gov

Delta State Recreation Site

Popular with those traveling between Fairbanks and Tok, this campground gives visitors a wilderness feel but keeps them conveniently close to town for events or shopping. Directly across the highway from the recreation site lies the Delta River allowing for some spectacular views of the Alaska Range beyond which remains snow covered year round. A city airstrip next to the site allows for fly-in camping. The campground is located only ½ mile north of Delta Junction in Interior Alaska, where summers are usually warm and dry, providing for the best recreational weather in the state.

Special Projects: As arranged

Amenities: Subsistence payment, log cabin

Season: 7-8 weeks min. commitment, 5/24-7/9 and/or 7/9-9/4

Contact: Maureen Gardner – Delta

Email: maureen.gardner@alaska.gov

Donnelly Creek State Recreation Site

Located on the braided Delta River, this secluded wilderness campground is seldom crowded. With views of some of the tallest peaks of the Alaska Range, this is one of the state's most scenic campgrounds. A variety of wildlife also inhabits the area. The Delta bison herd can often be seen across the river on their summer grounds, from nearby viewpoints and occasionally from the campground. The campground is located only 28 miles south of Delta Junction in Interior Alaska, where summers are usually warm and dry. The host at this site will also take care of Fielding Lake State Recreation Area. The scenic campground at Fielding Lake is at an elevation of 2,973 feet in the Alaska Range. Because of the elevation the ice sometimes remains on the lake until July. The great fishing opportunities for Arctic grayling, lake trout and burbot, and the simple beauty of this alpine campground continue to bring people back to the area year after year. The campground at Fielding Lake is located two miles west of the Richardson Highway at mile 200.5 (65 miles south of Delta Junction).

Special Projects: As arranged

Amenities: Subsistence payment, frame cabin

Season: 7-8 weeks min. commitment, 5/24-7/9 and/or 7/9-9/4

Byers Lake Campground - Denali State Park

This quiet, family campground is nestled on Byers Lake at the foot of Kesugi Ridge. The area offers spectacular views of Mt. McKinley. It is located 147 miles north of Anchorage and 90 miles from the National Park Service entrance. An RV is required.

Special Projects: Visitor information and daily visit counts, campground maintenance, assist in trail projects.

Amenities: Subsistence payment. Centralized facility with laundry, and showers.

Season: 4 weeks min., Late May – early September,
prefer 2 months or more commitment.

Contact: Ranger Jason Nielsen
email: jason.nielsen@alaska.gov

Denali View North Campground – Denali State Park

This campground and popular day use area is situated on a bluff above the Chulitna River with a spectacular view of Mt. McKinley. The site includes many interpretive panels detailing history, geology and other features of Mt. McKinley and a spotting scope for mountain viewing. It is located about halfway between Anchorage and Fairbanks, along the Parks Highway. An RV is required.

Special Projects: Visitor information and daily visit counts, campground maintenance, assist in trail projects.

Amenities: Subsistence payment. Centralized facility with laundry, and showers.

Season: 4 weeks min., May 15 - October 1, prefer
2 months or more commitment.

Contact: Ranger Jason Nielsen
email: jason.nielsen@alaska.gov

Denali View South Campground and Day Use Area – Denali State Park

This very popular day use area provides visitors with interpretive signs and photographs of Mt. McKinley and the Alaska Range. It is located on a bluff above the Chulitna River with the best view of Mt. McKinley on the road system. An RV is required.

Special Projects: Visitor information and daily visit counts, campground maintenance, assist in trail projects.

Amenities: Subsistence payment. Centralized facility with laundry, and showers.

Season: 4 weeks min., May 15 - October 1, prefer
2 months or more commitment.

Contact: Ranger Jason Nielsen
email: jason.nielsen@alaska.gov

Nancy Lake State Recreation Site

This smaller, 30-site campground is on the northeast shore of Nancy Lake, a popular fishing and boating area in the community of Willow (67 miles from Anchorage, 30 miles north of Wasilla). Nancy Lake campground also has a picnic area and a boat launch.

Special Projects: Firewood and decal sales, and assisting with campground maintenance.

Amenities: Subsistence payment, electric RV hookup, phone (hard line), and the use of Nancy Lake Office facilities.

Season: 6 week minimum, 5/15 - 9/6

Contact: Ranger John Wilber
email: john.wilber@alaska.gov

South Rolly Lake Campground - Nancy Lake State Recreation Area (2 positions)

This quiet campground is the largest in the state system and is spread over beautiful forested hills. The lake is restricted to electric trolling motors and non-powered boats only. The popular Red Shirt Lake hiking trail is nearby. The campground is located at the end of the 6 mile Nancy Lake Parkway, in the community of Willow (67 miles from Anchorage, 30 miles north of Wasilla). Several lakes are accessible from the Parkway, as is the canoe trail system.

Special Projects: Firewood and decal sales, and assisting with campground maintenance.

Amenities: Subsistence payment and the use of Nancy Lake Office facilities.

Season: 6 week minimum, 5/15 - 9/6

Contact: Ranger John Wilber

email: john.wilber@alaska.gov

Willow Creek State Recreation Area

This large, paved campground is a popular salmon fishing spot near the confluence of Willow Creek and the Susitna River. The mouth of Willow Creek is known for excellent King salmon fishing, as well as other fish species. It is located in the community of Willow (70 miles north of Anchorage, 33 miles north of Wasilla).

Special Projects: Firewood and decal sales, visitor contact, campground maintenance, light janitorial, and assisting with staffing entrance station on peak use weekends.

Amenities: Subsistence payment and the use of Nancy Lake Office facilities.

Season: 8 weeks minimum, as long as 5/15 – 9/6

Contact: Ranger John Wilber

email: john.wilber@alaska.gov

Willow Creek State Recreation Area

This second position is to assist during the busy King Salmon season. This large, paved campground is a popular salmon fishing spot near the confluence of Willow Creek and the Susitna River. Willow Creek is known for excellent king salmon fishing as well as other fish species. Located north of Willow, 70 miles north of Anchorage, 33 miles north of Wasilla.

Special Projects: Firewood and decal sales, visitor contact, campground maintenance, light janitorial, and assisting with staffing entrance station on peak use weekends.

Amenities: Subsistence payment and the use of Nancy Lake Office facilities.

Season: 4 weeks minimum, 5/15 – 7/15

Contact: Ranger John Wilber

email: john.wilber@alaska.gov

Little Susitna Public Use Facility

Little Susitna Public Use Facility offers camping and boating access approximately 28 miles south of Wasilla. This beautiful campground/boat launch lies within the Susitna Flats State Game Refuge on the pristine Little Susitna River. The river is famous for its world-class sport fishing. Predominate fish species include Chinook and Coho salmon. Other species of salmon are present in addition to trout and char. The area is heavily forested with spruce and birch. Opportunities abound to view and photograph the area's wildlife. The game refuge is home to an abundance of wildlife including brown bear, black bear, moose and a variety of waterfowl including a large variety of migratory shore birds. A general store offering food, showers/laundry, storage, and gasoline is located within five miles of the campground. An RV is recommended for this position. This is not an Alaska State Park unit, but is managed as one.

Special Projects: Host/caretaker of entire facility, monitor visitor use, general campground management, firewood and decal sales, janitorial maintenance and other duties as assigned.

Amenities: Subsistence payment, uniform jackets/hats, and free camping.

Season: 5/15 - 9/15

Contact: Ranger Amy O'Connor

email: amy.oconnor@alaska.gov

Palmer Hay Flats State Game Refuge (2 host positions)

This 28,800 acre state wildlife refuge protects a variety of wildlife habitat including coastal and freshwater wetlands, tidal sloughs and mudflats, lakes and streams, as well as upland birch forests in upper Cook Inlet. The refuge is located just outside the community of Wasilla and is about 25 miles northeast of Anchorage. During spring, tens-of-thousands of migrating ducks, geese, swans, shorebirds and other birds stop in the refuge to refuel during their migration to their northern nesting grounds. Many species of waterbirds remain in the refuge for the summer to nest and raise their young. Nearly 160 species of birds have been documented in the refuge. Moose, black bears, coyotes, red fox, beaver, muskrats and eagles are common in the refuge. Popular activities include sport fishing, canoeing, bird watching, bird dog (retriever) training, waterfowl hunting and hiking. These positions are stationed at two popular access points: Cottonwood Creek (on the west edge of the refuge) and Reflections Lake (on the east edge of the refuge off the Glenn Highway National Scenic Byway).

Special Projects: Overall supervision of visitor use at undeveloped refuge access points. Greet visitors in an informal setting, provide information and answer questions, pick up litter, empty trash, light cleaning and restocking of restrooms, and provide general security.

Amenities: These are undeveloped access points and no onsite utilities or amenities are available. RV or trailer (supplied by volunteer) must be self-contained. Subsistence payment, expense allowance and cell phone are provided. All amenities are available in Wasilla (7 miles from Cottonwood Creek, 11 miles from Reflections Lake).

Season: Cottonwood Creek: July through August; Reflections Lake: June through August.

Lowell Point State Recreation Site

This twenty-acre park is located two miles south of Seward. It offers beach access to scenic Resurrection Bay and is the trailhead for the Caines Head State Recreation Area. Facilities include day use area, latrines and overnight trailhead parking.

Special Projects: Provide visitor information, litter pickup, maintain and supply latrines.

Amenities: Electricity, water and sewer.

Season: 2 - 4 months, Starting 5/15

Contact: Ranger Terry Rude

Bing's Landing Campground - Kenai River Special Management Area (2 positions)

This forested campground is located on the Kenai River, above Naptown Rapids in Sterling. It has a boat launch and campground. River and shore fishing for trout and salmon (kings, reds and silvers) is available. Two positions - one for the day use area and one for the campground are needed.

Special Projects: As arranged.

Amenities: Free camping, subsistence payment, electrical hookup at boat launch area, all services located nearby in Sterling.

Season: 3 months, Starting 6/1

Contact: Ranger Don Barber

Funny River Campground - Kenai River Special Management Area

This small, minimally improved 12 unit campground and day use area is located at the confluence of the Funny and Kenai Rivers, 11 miles from Soldotna. Improved angler access is available. Fishing is good for sockeye and silver salmon and trout.

Special Projects: As arranged.

Amenities: Free camping, subsistence payment, electrical hookup, water on-site, storage cabin.

Season: 2-4 months, Starting 6/1

Contact: District Ranger Jacques Kosto

Izaak Walton Campground - Kenai River Special Management Area

Located in Sterling, this 31 site campground sits at the confluence of the Moose and Kenai Rivers in a mature spruce forest. This historical site offers camping, day use facilities and a boat launch. Fishing is good for salmon and trout.

Special Projects: As arranged.

Amenities: Free camping, subsistence payment, electrical hookup, water on-site, all services located in Sterling.

Season: 2 - 4 months, Starting 6/1

Contact: District Ranger Jacques Kosto

Morgan's Landing Campground - Kenai River Special Management Area (2 positions)

High on a bluff overlooking the Kenai River, this park offers magnificent views of the Kenai Mountain Range, day use access and a 39 site campground. There are also walking trails and access to fishing on the Kenai River for salmon and trout. This unit has two host positions; one for the day use area and one for the campground.

Special Projects: Maintenance of the Kenai and Prince William Sound office grounds and gardens.

Amenities: Free camping, subsistence payment, electrical hookup, water, sewer, ranger station on-site.

Season: 2 - 4 months, Starting 6/1

Contact: District Ranger Jacques Kosto

The Pillars Boat Launch - Kenai River Special Management Area

The Pillars is a small day use facility, located on the Kenai River that provides day use parking, boat launch, boardwalk and latrines.

Special Projects: Position requires daily maintenance of three latrines, monitor fee compliance, and litter pickup.

Amenities: Small log cabin, water on site, and subsistence payment.

Season: 3 months, Starting 6/1

Contact: Ranger Jack Ransom

Cooper Landing Boat Launch – Kenai River Special Management Area

This park unit is located on the upper Kenai River, at the outlet of Kenai Lake at Cooper Landing. The surrounding mountains offer outstanding opportunities to view Dall sheep and mountain goat. This unit has walkways and a boat launch. A cabin is provided for the host to reside in. Although bank fishing is not allowed at this site, there are great local opportunities to catch red and silver salmon, as well as rainbow trout and Dolly Varden.

Special Projects: As arranged.

Amenities: Log cabin includes oil heat, electricity, water and shower, subsistence payment which may include oil heat cost.

Season: 4 months, 5/15 - 9/15 with possible over-wintering without subsistence payment

Contact: Ranger Don Barber

Kasilof River State Recreation Site

This recreation site is located along the Kasilof River about ten miles south of Soldotna. Boat launch and day use parking areas are located in a mature spruce forest next to the river. Alaskan residents and visitors enjoy fishing the Kasilof River for salmon.

Special Projects: As arranged.

Amenities: Subsistence payment, holding tank, all services available in Soldotna

Season: 2 - 4 months starting May 15

Contact: Ranger Jacqui Erion

Crooked Creek State Recreation Site

This campground is at the confluence of Crooked Creek and the Kasilof River. It offers some of the most successful King salmon bank fishing in the state. There are walking trails along the Kasilof River. Access to Cook Inlet beaches is nearby. One of the volunteer positions performs park host duties such as monitoring park use, answering visitor questions, and assisting with campground operations. The other volunteer position performs maintenance and cleaning duties in the campground.

Special Projects: As arranged. May include working in park entrance station.

Amenities: Subsistence payment, phone, electricity, and holding tank. All services available in Soldotna.

Season: 2 - 4 months starting May 15

Contact: Ranger Jacqui Erion

Johnson Lake State Recreation Area (2 positions)

This popular campground is located on the shore of Johnson Lake in a mature spruce and birch forest, about twelve miles south of Soldotna. Johnson Lake is a non-motorized lake and is a great lake to explore by canoe and kayak. One of the volunteer positions performs park host duties such as monitoring park use, answering visitor questions, and assisting with campground operations. The other volunteer position performs maintenance and cleaning duties in the campground.

Special Projects: As arranged.

Amenities: Subsistence payment, power and dump tank. All services available in Soldotna.

Season: 2 - 4 months starting May 15

Contact: Ranger Jacqui Erion

Clam Gulch State Recreation Area

Local residents and visitors are drawn to this recreation area to dig for razor clams during low tide cycles. A day use parking and overnight camping area are located on a bluff overlooking scenic Cook Inlet and the Alaska Range. An access road allows people to drive four wheel drive or all-terrain vehicles to the beach. This recreation area is located about twenty miles south of Soldotna.

Special Projects: As arranged. May include working in park entrance station.

Amenities: Subsistence payment, electricity. All services are available in Soldotna.

Season: 2 - 4 months starting May 15

Contact: Ranger Jacqui Erion

Ninilchik River Campground - Ninilchik State Recreation Area

This thirty-nine site campground is located in a mature spruce and birch forest about one mile north of Ninilchik. Visitors will typically stay at this campground while they are fishing in the nearby Ninilchik River and Deep Creek or digging for razor clams at Ninilchik Beach.

Special Projects: As arranged.

Amenities: Subsistence payment, holding tank, shower and laundry facilities available at park office. All services available in Ninilchik.

Season: 2 - 4 months starting May 15

Contact: Ranger Jacqui Erion

Ninilchik View Campground - Ninilchik State Recreation Area

The Ninilchik View campground has 13 camping sites located on a bluff overlooking Cook Inlet. This area offers beautiful views of Cook Inlet, the Alaska Range, and the Ninilchik Village. The campground is located in a forest of large cottonwood trees and a trail allows people direct access to Ninilchik Beach.

Special Projects: As arranged.

Amenities: Subsistence payment, electricity and water, shower and laundry facility available at park office. Other services are available in Ninilchik.

Season: 2 - 4 months starting May 15

Contact: Ranger Jacqui Erion

Deep Creek State Recreation Area (2 positions)

This campground is located along Cook Inlet and offers excellent views of the Inlet and the Alaska Range. The campground is located along the beach uplands where Deep Creek enters Cook Inlet. Many species of shorebirds can be seen along the beach. Deep Creek is a popular road side salmon fishing area. The campground has 60 sites and an additional 60 sites for day use parking. The day use area includes a tractor launch facility to launch and retrieve boats on the beach. This service is offered by a private business to access the world famous Cook Inlet salmon and halibut fishing grounds.

Special Projects: As arranged. May include working in park entrance station.

Amenities: Subsistence payment, shower and laundry facility available at park office. Other services are available in Ninilchik.

Season: 2 - 4 months starting May 15

Buskin River State Recreation Site

Located 4 miles southwest of the town of Kodiak, this 15-site campground is located along one of Alaska's best sport fishing areas. The Buskin River hosts four species of Pacific Salmon, Steelhead, and Dolly Varden trout.

Special Projects: Provide visitor information and assistance, monitor camping fee program, manage firewood sales, and perform light maintenance in restrooms and campsites. Litter pickup in campground, park roads and trails, and keep the Park Ranger advised of activity in the park.

Amenities: Subsistence allowance, electricity, pressurized (cold) water, dump station, close proximity to town/full services. Uniform will be provided.

Season: 3-4 months, 5/15-9/15.

Contact: Thomas Anthony

Fort Abercrombie State Historical Park

Located 4 miles northeast of the town of Kodiak, this 13-site campground is located among the remnants of a WWII installation. Magnificent old-growth Sitka Spruce trees, miles of foot trails, and rocky coastal bluffs make this a premiere destination point for both locals and visitors.

Special Projects: Provide visitor information and assistance, monitor camping fee program, manage firewood sales, perform light maintenance of rest rooms and campsites, litter pickup of campground, park roads and trails, assist in operation of Kodiak Military History Museum.

Amenities: Subsistence allowance, electricity, use of Visitor Center facilities, close proximity to town/full services. Uniform will be provided.

Season: 3-4 months, 6/1 – 9/15.

Contact: Thomas Anthony

Pasagshak River State Recreation Site

Located at the mouth of the Pasagshak River, 40 miles from the town of Kodiak. The river has excellent fishing for three species of Pacific salmon.

Special Projects: Provide visitor information and assistance, maintain campground, keep daily log of campground use and park visitation. Infrequent park staff contact due to distance from main office; must be able to work independently.

Amenities: Subsistence allowance, electricity, cell phone. Uniform will be provided.

Season: 3-4 months, 6/1 – 9/15 and holidays.

CHUGACH STATE PARK

The following host positions are all located within Chugach State Park. The half million acres of Chugach are mostly wilderness with rugged mountains, sweeping glaciers, and abundant wildlife. The park is next door to Anchorage and offers a wide variety of outdoor recreational opportunities.

Glen Alps Caretaker Cabin - Hillside Host

Summer Season: The Anchorage Hillside host is responsible for providing basic services at four popular Chugach State Park trailheads; Glen Alps, Upper O'Malley, Upper Huffman, and Prospect Heights. During summer, Glen Alps is one of the busiest areas of the State Parks system drawing thousands of visitors weekly. Activities in the area include wildlife viewing, hiking, dog walking, climbing, berry picking and biking. Job duties include restroom cleaning, garbage pickup, visitor counts, incident reporting, visitor interaction, and other duties as assigned. This position requires people who can work with minimal supervision, exercise good judgment and maintain a high standard for park maintenance.

Summer Season: 5/15 - 10/15

Phone: 907-345-5014; *Fax:* 907-345-6982

Contact: Ranger Kurt Hensel

Email: kurt.hensel@alaska.gov

Winter Season: Winter duties include those described above although on a smaller scale due to decreased visitation. The position can be physically demanding. Additional winter duties include snow blowing/shoveling, maintaining access to fee stations and latrines, snowmobile operation, and winter trail maintenance. Activities during winter include skiing, hiking, sledding, wildlife viewing and snowmobiling (if snow depth is adequate). Experience in winter-based activity is especially helpful.

Winter Season: 10/15 – 5/15

Phone: 907-345-5014; *Fax:* 907-345-6982

Contact: Ranger Kurt Hensel

Email: kurt.hensel@alaska.gov

BIRD CREEK CAMPGROUND IS CLOSED PENDING RECONSTRUCTION AND WILL RE-OPEN SUMMER 2013

Bird Creek Campground

Bird Campground is located at mile 101 of the Seward Highway approximately 20 miles South of Anchorage. The campground is located between the highway and the picturesque Turnagain Arm, which is famous for its Bore Tide and its Beluga whales. Towering spruce trees and stands of birch surrounding the campground provide an attractive background for 28 camping sites. The campground is popular due to its proximity to Bird Creek that is a stocked salmon fishery managed by the Department of Fish and Game. The campground receives high use on holidays with moderate to high use on most weekends. A hand water pump provides potable water but no pressurized water is available. Water can be brought in from the overflow campground across the street. The host site has electrical hookups. Many visitors stop on their way through to Seward or the Kenai Peninsula for fishing or travel. Bird Campground is within easy travel of Anchorage which includes amenities such as sanitary dump stations, visitor information center, supermarkets, hotels, gas stations, mechanics, restaurants, and hospitals with ambulance service, State Troopers and a local fire department.

Special Projects: Visitor information, daily visit counts, light maintenance, and park watch. Need to possess a high interest in public contact and offering public information on trails, hazards, and directions. Position offers great opportunities and physical exercise for the recreation minded person.

Amenities: Expense allowance, phone, electricity.

Season: 5 months, 5/1 – 9/30, entire season desired.

Phone: 907-345-5014; *Fax:* 907-345-6982

Email: csp@alaska.gov

Bird Creek Campground Overflow:

Bird Campground Overflow is located at mile 101 of the Seward Highway approximately 20 miles South of Anchorage. The overflow campground is located above the highway with views of the picturesque Turnagain Arm, which is famous for its Bore Tide and its Beluga whales. The campground is popular due to its proximity to Bird Creek that is a stocked salmon fishery managed by the Department of Fish and Game. It is well known for its quiet family atmosphere that people return to year after year. The campground receives high use on holidays with moderate to high use on most weekends. The host site has electrical, water, and septic hookups. Many visitors stop on their way through to Seward or the Kenai Peninsula for fishing or travel. Bird Campground Overflow is within easy travel of Anchorage which includes amenities such as sanitary dump stations, visitor information center, supermarkets, hotels, gas stations, mechanics, restaurants, and hospitals with ambulance service, State Troopers and a local fire department.

Special Projects: Visitor information, daily visit counts, light maintenance, and park watch. Need to possess a high interest in public contact and offering public information on trails, hazards, and directions. Position offers great opportunities and physical exercise for the recreation minded person.

Amenities: Expense allowance, phone, electricity, water, and septic.

Season: 5 months, 5/1 – 9/30, entire season desired.

Phone: 907-345-5014; *Fax:* 907-345-6982

Email: csp@alaska.gov

McHugh Creek Day Use Area

Located at mile 112 of the Seward Highway, McHugh Creek provides stunning views of the Kenai Mountains and Turnagain Arm. It consists of 30 parking spaces, latrines, picnic tables and fire pits. Belugas and the popular bore tide are often summer time attractions. A jumping off point for the Turnagain Arm area, many people use McHugh to access the many trails paralleling the Seward highway. McHugh is also an access spot when hiking to picturesque Rabbit Lake. On weekends, McHugh creek fills with picnickers and nature viewers. During spring and early summer it is common to see moose calves wandering with their mothers throughout the area.

Special Projects: Visitor information, daily visit counts, light maintenance, and park watch. Need a high interest in public contact and offering public information on trails, hazards, and directions. Applicant should have a strong interest in hiking and biking. Position offers great opportunities and physical exercise for the recreation minded person.

Amenities: Expense allowance, phone, electricity, water, and septic.

Season: 5 months, 5/1 - 9/30, entire season desired.

Phone: 907-345-5014; *Fax:* 907-345-6982

Email: csp@alaska.gov

Eklutna Lake Campground (2 host positions)

This 50-unit campground also has an 8-site overflow, two group camping areas, picnic area and trailhead to 30 miles of trail. It is located one hour north of Anchorage at the western end of 8-mile long glacier fed Eklutna Lake. There are mountains, glaciers, and wildlife viewing for Dall sheep, mountain goats, wolves, coyote, moose and bear. The area offers opportunities for hiking, biking, ATV'ing, horseback riding, paddle boating, and Dolly Varden fishing. Host duties include welcoming campers and day users and acquainting them with the park area and facility; informing visitors of the park regulations, policies and fee requirements; staffing an entrance fee station on the weekends and holidays to collect fees and answer questions regarding the park, as well as local and statewide attractions; deterring vandalism/criminal mischief; responding to emergencies by contacting the appropriate law enforcement or EMS agency; and informing the area ranger of any problems. Assist the area park ranger and staff with the day-to-day operation and maintenance of the campground facilities including traffic control, janitorial maintenance of latrines, light repairs, painting, litter pickup, cleaning fire rings, some documentation and office work. There are two positions, one for the main campground and one for the overflow campground. Applications must be received prior to February 1st.

Special Projects: As assigned.

Amenities: Subsistence check which may include propane cost. Electricity, phone, water, and dump.

Season: 5 months, 5/1 - 9/30, entire season desired.

Phone: 907-345-5014; *Fax:* 907-345-6982

Email: csp@alaska.gov

Anchorage Coastal Wildlife Refuge: Potter Marsh (1 host position)

This 32,467 acre state wildlife refuge cradles the southern and western edge of the City of Anchorage and protects a variety of habitats including tidelands, coastal and freshwater marshes, small ponds and streams, and uplands forests. Over 130 species of birds, 20 species of mammals, 5 species of Pacific salmon and other wildlife are found in the refuge. Potter Marsh, a 520 acre freshwater marsh, is the most accessible and popular area of the refuge and contains several day-use wildlife viewing sites including a half-mile of elevated boardwalks, viewing decks, spotting scopes and interpretive panels. The marsh provides habitat for shorebirds, waterfowl, bald eagles, moose, brown and black bears, beavers, muskrats, spawning salmon and many other species.

Special Projects: Overall supervision of visitor use sites, greet visitors in an informal setting on boardwalks and viewing sites, provide information and answer questions, light maintenance (pick up litter, empty trash cans, clean and restock restrooms, etc), and provide general security at primary access

sites. Other duties include staffing wildlife viewing sites (note that these duties are flexible and require only a general familiarity with bird identification).

Amenities: RV/Trailer host parking area (**volunteer must provide own RV or camper**), wastewater holding tank, expense allowance, subsistence stipend, electrical generator, showers at nearby refuge facility, cell phone.

Season: Mid-May through mid-September, entire season preferred but may be split.

Settler's Cove State Recreation Site

Settler's Cove is a small 14 site campground and day use area, located 18 miles north of Ketchikan. The park is nestled in a cove along an ocean passage and surrounded by large trees of the temperate rainforest. There is good fishing, whale watching, beachcombing and fabulous kayaking. The area has an abundance of Sitka black-tailed deer, and several miles of forested trail to hike Couples preferred.

Special Projects: Interpretive programs, visitor information, campground maintenance, and monitor fee collection.

Amenities: Log cabin, minimal furniture and utensils. Propane heat and stove/oven; electric refrigerator. Propane, electricity, phone and subsistence payment provided. Other services located in Ketchikan.

Season: 8-10 weeks 5/1 - 9/30; and winter caretaker, 10/1 - 4/30 all winter preferred, but will split for 3.5 months each.

Contact: Ranger Mary Kowalczyk

Totem Bight State Historical Park

Totem Bight is a day use park located 10 miles north of Ketchikan. It is the only park in the Alaska State system dedicated to the Southeast Alaskan native culture, displaying the art and architecture of the late 19th century. The park exhibits 14 totem poles and a clanhouse, hand-crafted by Native carvers in the area. A short self guided trail winds through the rainforest to the totemic display facing an ocean passage. Commercially guided tours from the cruise ships frequent the park. Must have own RV. Some travel assistance provided. Couples preferred.

Special Projects: Provide visitor information, services and educational sales material at the nonprofit Alaska Geographic Association bookstore; garden and grounds maintenance; daily opening and closing of the historic building on site, and possibly provide weekly guided tour of the park.

Amenities: Subsistence payment which may include propane cost, use of office and phone, electricity provided. Caretaker RV site is located next to the beach, facing the west with beautiful sunsets. 2 mile bike trail nearby. Services located in Ketchikan.

Season: 8 - 10 weeks, 5/1 - 9/30

Other Volunteer & Volunteer Intern Positions

ARCHAEOLOGICAL ASSISTANT (1 - 10 positions)

Park/Area: OFFICE OF HISTORY AND ARCHAEOLOGY (OHA)

Anchorage and various project sites throughout the state. The State Historic Preservation Office and the Archaeological Survey Unit (ASU) are located in the Office of History and Archaeology at the Alaska State Parks headquarters in Anchorage. The ASU conducts archaeological investigations (i.e., surveys, mapping, excavations, etc.) primarily to assist other State agencies with planning requirements. Rich cultural histories characterize the various regions of the state.

Special Projects: Timelines for specific field projects are generally not available until after March.

Required Skills: Applicants must have an interest in archaeology, a willingness to learn appropriate field methods, and an ability to live in a field situation.

Desired Skills: Applicants must have an interest in archaeology, a willingness to learn appropriate field methods, and an ability to live in a field situation.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Food and housing subsistence payment is available for most field projects.

Transportation from Anchorage to project areas provided. Participants may be required to provide personal tents and sleeping bags for some projects.

Time Commitment: May 1 - October 1; generally two weeks but varies with project; most projects occur from June to August. Candidates should contact OHA in March or April for specific project dates and descriptions.

BACKCOUNTRY RANGER ASSISTANT (1-2 positions)

Park/Area: SHUYAK ISLAND STATE PARK

This remote wilderness park, 54 air miles north of Kodiak, is accessible only by boat or plane. The park/island is 11 miles in diameter, and is comprised of 49,000 acres of coastal rain forest and numerous protected bays and inlets. Favorite recreation activities include sea kayaking, boating, wildlife viewing, fishing, and hunting. The park is home to the majestic Kodiak brown bear, Sitka black-tailed deer, silver salmon, many bird species, and a great diversity of marine mammals. Park facilities include four public use cabins available for rent to visitors and the new Big Bay Rangers Station/Visitor Center. Shuyak Island is subject to the wet, windy, and unpredictable weather of the Gulf of Alaska and Shelikof Strait. Rainfall averages approximately 70 inches per year.

Main Tasks: Maintenance of 4 public use cabins including cutting and hauling firewood, keeping cabins stocked with propane, and cleaning cabins. Maintain park vessels and ranger station /visitor center grounds. Monitor patterns of park use and make visitor contacts. Trail work to include portage and hiking trail improvements. Light construction. Assist with park logistics and supply. Occasionally assist park ranger with park patrol.

Required Skills: Backcountry hiking, camping and survival skills. Physically able to lift and carry up to 50lb. loads over uneven terrain. Possess basic carpentry skills and knowledge of related tools. Two years of undergraduate studies in a natural resource field. Ability and desire to live in remote location in

bear country for extended periods of time. Must be of good temperament and have ability to get along well with others in close living quarters. Good communication skills and ability to work independently.

Desired Skills: Experience in chainsaw use and maintenance. Trail construction and boat operation.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Housing will be in backcountry cabins or tents with no running water or electricity. All food, safety equipment, and some training will be provided. Travel to and from Shuyak Island will be provided. Candidates must find their own way to Kodiak.

Time Commitment: Three months, at least June 1 - September 1. As long as May 25 - September 30.

Note: Include a resume with application. Ranger is on seasonal leave till March. Volunteer will not be selected until the ranger returns to work.

BACKCOUNTRY RANGER ASSISTANT/HOST (2 positions)

Park/Area: NANCY LAKE STATE RECREATION AREA

Nancy Lake State Recreation Area is located in Southcentral Alaska, 67 miles north of Anchorage, in the community of Willow, with a population of over 1,600. Situated on the east side of the broad Susitna River Valley, Nancy Lake SRA has the typical geography formed by the retreat of large glaciers - forested, rolling hills of glacial moraines and countless lakes, ponds, and streams. This recreation area is well known for its canoe trail system and public use cabins. The 22,685 acre park is home to moose, beaver, fox, black bear, waterfowl and many other wildlife species. Summer recreation activities include canoeing, camping, hiking, and fishing. One backcountry host position is located at **Red Shirt Lake**, the other at **Butterfly Lake**.

Main Tasks: Maintain public use cabins and backcountry campsites. Contact backcountry visitors and private property owners. Collect visitor use and resource data. Summer access to these lakes is by hiking trail, canoe trail, or floatplane.

Special Projects: Monitor backcountry visitor use; serve as the emergency contact for backcountry users. Volunteers will perform routine maintenance of public use cabins and assist other staff with trail projects as needed. They will also serve as a contact for the private property owners in the area.

Required Skills: Public relations skills, canoe/small boat experience, light maintenance skills, and the ability to work independently. Applicants must be able to live in a primitive setting.

Desired Skills: Education/experience in resource and/or recreation management, carpentry skills, and ability/experience using hand and power tools. Due to the remote nature of these assignments, couples are encouraged to apply.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Housing will be in a cabin without running water or electricity. A small motorboat and/or canoe will be provided. A monthly subsistence payment is available with a 60-day commitment to the positions. Radio and cell phone communication is provided. Use of Nancy Lake Office facilities and front country bunk space provided.

Time Commitment: Minimum of two months (sixty days), June 15-August 15. Positions can remain open as long as May 15 to September 30 unless weather or other events prohibit longer durations.

Note: Application must include resume. Applications are accepted until March 15.

BOATING SAFETY INSTRUCTOR (1-10 positions)

Park/Area: OFFICE OF BOATING SAFETY

Various locations throughout the state of Alaska.

Main tasks: Provide a variety of boating education programs for children and adults. Identify and obtain the necessary resources to develop, prepare for, and execute a wide variety of boating education programming including classes, workshops, and presentations on non-commercial boating safety topics. Travel to urban and rural areas around the state as needed to provide programs.

Special Projects: May participate in special events, assist program staff with program development and/or evaluation, or participate on behavioral research projects.

Required skills: Must be a state-registered boating safety instructor. Training necessary for certification can be provided.

Desired skills: Experience and interest in recreational boating. Good public speaking skills. Experience teaching children and adults. Must have a valid driver's license.

Allowance/Housing: Travel costs including transportation, lodging, and state-approved per diem.

Time Commitment: year round, on an as-needed basis.

MUSEUM ASSISTANT (1 position)

Park/Area: WICKERSHAM STATE HISTORIC SITE

Wickersham State Historic Site is the downtown home of Judge James Wickersham, who lived in the house from 1928 until his death in 1939 at the age of 82. The house contains the art and memorabilia collection the judge accumulated during his life in Alaska for 40 years. Situated on a hill above Juneau, the house was originally built for the mine superintendent of the Alaska Gastineau Mining Company in 1898. The state has stabilized the house and made significant improvements, but much more restoration is necessary to give it a finished appearance.

Main Tasks: Assist the resident manager in keeping the house open for tours six days per week. Learn the history of the house and area to give short tours for visitors from the local community, tourists, and cruise ship passengers. Assist in minor maintenance such as cleaning, washing windows, mowing small lawn, and other hand tool repairs.

Desired Skills: Lead small tours, familiarity with minor housework, ability to work with people.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Housing provided in a separate bedroom in the house. Subsistence payment for food with kitchen facilities available.

Time Commitment: 8 weeks working four days per week, during June, July and August.

NATURAL HISTORY INTERPRETER (1 position)

Park/Area: KODIAK DISTRICT

The Kodiak archipelago in the Gulf of Alaska is home to the famous Kodiak brown bear and many species of marine mammals and birds. The community of Kodiak, with a population of 14,000, is one of the nation's busiest fish processing ports. Kodiak residents live next door to some of the most productive salmon streams in the world. Besides fishing, other popular pastimes include sea kayaking, hiking, birding and whale watching. The park district includes a historic park, three recreation sites, and two remote parks: one on Shuyak Island and one on Afognak Island.

Main Tasks: Develop interpretive programs highlighting the park's natural history and WWII history. Schedule and conduct guided tide pool exploration walks. Organize a weekly series of lectures given by local natural history experts. Write a weekly column for the local newspaper on a variety of local natural history topics. Record a weekly column for the local public radio station. Publicize all arranged park events. Assist in sales and visitor services at the Fort Abercrombie Visitor Center.

Special Projects: Varied, depending on skills and interests.

Required Skills: Must possess a valid driver's license; minimum of one year undergraduate studies in natural resources, history, environmental studies and/or interpretation; ability to work independently with little or no direct supervision; ability to communicate effectively both orally and in writing; computer skills in word processing and desktop publishing; physically able to hike fair distances and an enthusiasm for the outdoors. Applicants are required to submit a writing sample with their application to be considered for this position.

Desired Skills: College-level course work in biological or natural resource fields, and/or creative writing. Field experience in natural history interpretation and/or outdoor education. Experience in developing interpretive programs. Ability to be self-motivated to learn as much about the area as possible with little supervision. Experience working with children.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Monthly food subsistence payment, 12x20 cabin, gas stove and propane refrigerator/freezer. A restroom with shower available in the Visitor Center and internet access after-hours; use of a vehicle for trips into town for laundry and shopping.

Time Commitment: May 18 through Labor Day.

Send Application to:

NATURAL HISTORY INTERPRETER (1 position)

Park/Area: KETCHIKAN AREA STATE PARKS - TOTEM BIGHT SHP, SETTLERS COVE SRS, REFUGE COVE SRS

Southeast Alaska's temperate rainforest is a unique part of Alaska. A group of 10,000 islands in the Alexander Archipelago snuggle up to a narrow strip of mainland on the west side of the Coast Mountains, also known as the "Inside Passage." Ketchikan, an island community, has a population of 14,500. It is noted for its rich Alaska Native Culture and totem poles, extreme geography, diverse and lush vegetation, abundant land and marine wildlife, fishing, and of course lots of water! Other popular recreation activities include hiking, sea kayaking, sailing and scuba diving. The diversity of state parks in the Ketchikan area includes: a Native cultural/historic site, 2 recreation sites, and 2 remote marine parks, one with a public use cabin. The primary emphasis for the interpreter will be accomplished at Totem Bight SHP and Settlers Cove SRS.

Main Tasks: Arrange and organize for speakers, or present interpretive programs highlighting the historic and natural resource values of the area parks. Coordinate the junior park ranger program for youth ages 8-12. Conduct weekly guided tours of the historic park for all age groups. Develop interpretive and informational displays for bulletin boards. Assist in sales and visitor services at the Alaska Geographic Association bookstore branch outlet at Totem Bight State Historic Site.

Special Projects: Varied depending on skills and personal interests.

Required Skills: Field experience in natural history interpretation or outdoor education; enthusiasm for the outdoors, good communication and public speaking skills. Must work independently.

Desired Skills: Two years of undergraduate study in natural resources, environmental studies or interpretation. Computer skills beyond basic knowledge and handling cash register transactions for cooperating association.

Internship: Will assist volunteer in internship requirements but preference given for field experience.

Allowance/Housing: Monthly food subsistence payment. Vehicle and housing needs are the responsibility of the volunteer.

Time Commitment: As long as desired between May 15 - September 15.

Send Application to: Ranger Mary Kowalczyk

NATURAL HISTORY INTERPRETER (Up to 5 positions)

Park/Area: CHUGACH STATE PARK – EAGLE RIVER NATURE CENTER

The half million acres that make up Chugach State Park are filled with rugged mountains, ice caps, and sweeping glaciers. Wildlife abounds, including brown and black bears, Dall sheep, moose, wolves, lynx, bald and golden eagles and all five species of salmon. Anchorage has grown up next door to this amazing wilderness and residents and visitors find a quick retreat in the park.

Recreation includes hiking, climbing, wildlife viewing, rafting, mountain biking and horseback riding. With mountains rising almost 7,000 feet in elevation just above the Nature Center, it's no wonder that Walter Mendenhall called the Eagle River Valley a "miniature Yosemite". Yet, the Nature Center is just a short 45-minute drive from Anchorage. The Nature Center is the trailhead to 26 miles of the most scenic part of the Historic Iditarod/Crow Pass Trail. The trail system also includes a short ¾ mile

interpretive trail (Rodak Nature Trail); a 3-mile loop trail that takes you to the shores of the glacially-fed Eagle River; and a backcountry trail that takes you above the valley to Dew Lake.

Friends of Eagle River Nature Center, Inc. assumed management of the Nature Center in 1996 from Chugach State Park. The organization is a 501(c)(3) non-profit dedicated to serving the community with educational and recreational programs, maintaining and improving the surrounding trails, protecting and restoring habitat, and providing visitors with information about the area and park.

The *Friends of Eagle River Nature Center, Inc.* raises funds through memberships, donations, parking fees, fundraisers, corporate contributions, grants, facility use fees, gift shop sales and group instruction.

Main Tasks: Provide indoor information services (in person and over the phone); operate cash register for snack, gift and membership sales. Lead daily 1-hour guided nature walks. Light maintenance, including watering flowers, letter pickup, cleaning restrooms, emptying trash and vacuuming.

Special Projects: May include developing formal interpretive displays or programs. Trail maintenance.

Desired Skills: Ability to interact with people; flexibility; good communicator; organization; enthusiasm for the outdoors; willingness to “jump in” when needed; self-motivated to learn as much about the area as possible with little supervision.

Internship: Dependant on intern’s requirements and will be determined case-by-case.

Allowance/Housing: Monthly subsistence payment; individual cabin (no electricity or water, gas stove for heat) One larger cabin with a wood stove is available for couples. Modern amenities inside the Nature Center include a private restroom with shower, small shared kitchen, and internet access. Use of a vehicle for trips to Eagle River for laundry and shopping.

Time commitment: Minimum requirement - 60 days (May-September). Preference will be given for longer time commitments (April 15-September 30) and for people with a background in natural history interpretation or natural sciences.

Note: Additional information about the Nature Center is located at www.ernc.org For specific questions contact Asta Spurgis, Director at info@ernc.org. (Please include “Volunteer Inquiry” in the subject). You may send applications up to one year in advance. We prefer to follow-up on preliminary applications by e-mail.

Application requirements: Completed Alaska State Parks application; short cover letter explaining your motivation for pursuing a volunteer position at the Nature Center; and a resume limited to one page. Please do not send any additional information.

Send Application to: Laura Kruger, Manager

Eagle River Nature Center
32750 Eagle River Rd
Eagle River, AK 99577

email: admin@ernc.org
phone: (907) 694-2108
fax: (907) 694-2119

NATURAL HISTORY INTERPRETER (4 positions)

Park/Area: DENALI STATE PARK - ALASKA VETERAN’S MEMORIAL

Located centrally along the Parks Highway, this popular site includes a visitor center with interpretive displays and visitor information. The site will serve visitors with information about the 325,000 plus acres of accessible wilderness in the park abounding with bears, moose, and other wildlife with magnificent views of Mt. McKinley and the Alaska Range. The closest community is Trapper Creek, 32 miles south with a population of 400.

Main Tasks: Staff visitor contact station for information and retail sales service.

Special Projects: May provide interpretive talks/walks; assist the rangers in special projects.

Required Skills: Sincere desire to provide all levels of visitors with a positive park experience.

Desired Skills: Desire to work with the public and familiarity with cash register operations.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Subsistence payment provided with minimum 60 day commitment. Use of shared amenities at caretaker's cabin that includes electric lights, shower, toilet and laundry facilities. RV preferred, park housing possible.

Time Commitment: Late May - early September, preference to three month commitment or more.

Note: Application deadline is March 1, instead of April 1.

NATURAL HISTORY INTERPRETER (1-2 positions)

Park/Area: FAIRBANKS ALASKA PUBLIC LANDS INFORMATION CENTER (FAPLIC)

These inter agency centers are located at four locations throughout Alaska, providing one stop information sources for all public lands and facilities in the state. Located in the Morris Thompson Cultural & Visitor Center in Interior Alaska, our center offers self-guided trip planning stations, daily film showings and museum exhibits that interpret the natural, cultural and historical resources of Alaska's public lands. The non-profit Alaska Geographic Association operates a bookstore in the center. Staff provides interpretive services, fee collecting, and sales materials regarding all types of recreational activities including camping, hiking, biking, fishing, hunting, kayaking and canoeing. The intern/volunteer will be representing nine different federal and state agencies including Alaska State Parks and the Alaska Department of Natural Resources, the Alaska Department of Fish and Game, the Alaska Department of Transportation and Public Facilities, the Alaska Division of Tourism, the Bureau of Land Management, the National Park Service, the U.S. Fish and Wildlife Service, the U.S. Forest Service, and the U.S. Geological Survey.

Main Tasks: Volunteers/interns work together with staff providing trip planning assistance and interpretive materials to visitors primarily at an information desk and throughout museum. Presentation of formal and informal interpretive and educational programs is strongly encouraged; training and support will be provided.

Required Skills: Ability to work effectively with diverse staff and public; excellent verbal, organizational, and communication skills; interest in natural/cultural resource related subjects; knowledge of Alaskan themes and issues, and ability to work independently and under pressure.

Internship: Will assist volunteer with internship requirements and paperwork.

Allowance/Housing: Housing is NOT provided.

Time Commitment: Twelve weeks minimum: June 1-August 31; preference given to longer commitments, mid-May through mid-September.

Note: Transportation around Fairbanks will be limited; a personal vehicle is recommended.

Applications accepted only after October 1st.

NATURAL HISTORY INTERPRETER (5 positions)

Park/Area: INDEPENDENCE MINE STATE HISTORICAL PARK/HATCHER PASS MANAGEMENT AREA

Hatcher Pass is high above the tree line in the Talkeetna Mountains and about 60 miles north of Anchorage. The Hatcher Pass road is a high-country route between the Matanuska and Susitna valleys. This is gold country, with several mines still in operation and much evidence of past mining activities. Nestled in an alpine bowl at 3,500' elevation, Independence Mine's historic buildings date from Alaska's gold mining era. The buildings are partially restored for public tours and illustrate the history of prospecting and hard-rock mining in Alaska. The park visitor center now occupies the old manager's house, built in the 1930s. Visitors to the park can enjoy a historic walking tour and beautiful alpine scenery. The area of responsibility includes the 48,000 acre Hatcher Pass East Management area, a mostly alpine, mountainous park.

Main Tasks: The interpreters will provide guided one hour tours of the historical park and surrounding area. Tours will focus on the historic buildings, but may also include the alpine tundra and the geology of the area. Interpreters will also share duties in the visitor center store operating the cash register, answering questions, and restocking inventory.

- Interpreters will receive thorough training on these topics prior to leading tours.
- Interpreters will also rove around the historic park to meet and greet the visitors to provide them with historic and other information to further enhance their visit.
- Interpreters will operate a cash register and maintain functioning of the visitor center store.
- Interpreters will also participate in the general upkeep of the grounds and facilities on a daily basis.
- Interpreters may assist staff in special projects and/or the development of one or more displays related to the Independence Mine, or hard rock mining in general.

Required Skills: The ability to work effectively with diverse staff and public and be a team player; the ability and desire to be a public speaker; ability to walk and stand for the entire shift; an interest in history and/or mining; experience or the willingness to learn cash register operations.

Desired Skills: Ability to work closely with other people; possess flexibility, open-mindedness, organization skills, and enthusiasm; willingness to step in when needed and the ability to be self motivated to learn as much as possible about the area.

Internship: Will assist volunteer internship requirements and paperwork.

Allowance/Housing: Subsistence payment, space for two RV's, others will be provided accommodations. No pets permitted.

Time Commitment: May 15-September 15.

NATURAL HISTORY INTERPRETER (1-2 positions)

Park/Area: ALASKA PUBLIC LANDS INFORMATION CENTER (APLIC), in Anchorage

These inter-agency centers are located at four locations throughout Alaska, providing one-stop information sources for all public lands and facilities in the state. Staff provides interpretive services, fee collecting, and sales materials regarding all types of recreational activities including camping, hiking, biking, fishing, hunting, kayaking and canoeing. The intern/volunteer will be representing nine different federal and state agencies including Alaska State Parks and the Alaska Department of Natural Resources, the Alaska Department of Fish and Game, the Alaska Department of Transportation and Public Facilities, the Alaska Division of Commerce, the Bureau of Land Management, the National Park Service, the U.S. Fish and Wildlife Service, the U.S. Forest Service, and the U.S. Geological Survey. In the Anchorage center, we offer a full range of interpretive materials, free video programs, exhibits depicting the rich natural and cultural heritage of the 49th state, and a wide variety of books and maps sold by our branch of the non-profit Alaska Geographic Organization. Staff is carefully trained to provide interpretive messages representing all the agencies and resource issues currently of interest throughout the state.

Main Tasks: Volunteers/interns work together with staff providing trip-planning assistance and interpretive materials to visitors, collecting fees for reservations and use of public facilities, and handling cash register transactions for cooperating association sales items. They may also be asked to develop and present informal interpretive programs.

Required Skills: Applicants need excellent interpersonal skills and experience, the ability to work effectively with other interpreters and volunteers from a broad range of backgrounds, and the ability to remain calm under pressure. This center is in an urban setting where visitation is heavy during the summer season. Good organizational skills and the ability to work independently without a lot of direct supervision are also needed.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: None provided. Must have own personal vehicle or arrange for transportation to and from the center.

Time Commitment: 12 weeks minimum preferred, at least June 1 - August 31. As long as May 15th to September 15th.

NATURALIST FOR SCHOOL PROGRAMS (1-2 positions)

Park/Area: CHUGACH STATE PARK – EAGLE RIVER NATURE CENTER

The half million acres that make up Chugach State Park are filled with rugged mountains, ice caps, and sweeping glaciers. Wildlife abounds, including brown and black bears, Dall sheep, moose, wolves, lynx, bald and golden eagles and all five species of salmon. Anchorage has grown up next door to this amazing wilderness and residents and visitors find a quick retreat in the park. Recreation includes hiking, climbing, wildlife viewing, rafting, mountain biking and horseback riding. With mountains rising almost 7,000 feet in elevation just above the Nature Center, it's no wonder that Walter Mendenhall called the Eagle River Valley a "miniature Yosemite". Yet, the Nature Center is just a short 45 minute drive from Anchorage.

The Nature Center is the trailhead to 26 miles of the most scenic part of the Historic Iditarod/Crow Pass Trail. The trail system also includes a short ¾ mile interpretive trail (Rodak Nature Trail); a 3 mile loop trail that takes you to the shores of the glacially-fed Eagle River; and a backcountry trail that takes you above the valley to Dew Lake.

Friends of Eagle River Nature Center, Inc. assumed management of the Nature Center in 1996 from Chugach State Park. The organization is a 501(c)(3) non-profit dedicated to serving the community with educational and recreational programs, maintaining and improving the surrounding trails, protecting and restoring habitat, and providing visitors with information about the area and park. The *Friends of Eagle River Nature Center, Inc.* raises funds through memberships, donations, parking fees, fundraisers, corporate contributions, grants, facility use fees, gift shop sales and group instruction.

Main Tasks: Leading and/or assisting staff naturalists with interpretive programs for K-12 school children. Curricula and training will be provided by staff naturalists, but the candidate must have a degree in the natural sciences and some teaching experience. Besides leading programs (topics range from animal tracking to forest ecology) the position requires assisting with organizing handouts and materials and set-up both before and after a program.

Desired Skills: Degree in the natural sciences (botany, biology, ecology, etymology, zoology, geology) and some experience working with children. College students completing their degrees will also be considered (internships).

Allowance/Housing: Weekly subsistence payment (dependant on experience). Housing inside Nature Center or two-room cabin with a wood stove, but no electricity. Access to all modern amenities inside the nature center, including bathroom with shower, shared kitchen, and internet access. Vehicle will be available for occasional use.

Time commitment: April 1 through early June.

PARK CARETAKER (1 position)

Park/Area: BIRD POINT – CHUGACH STATE PARK

The Bird Point Day Use Area is a popular sightseeing stop on the Turnagain Arm and the main access to Girdwood to Indian bike path, a twelve-mile bike path that winds along the Turnagain Arm. A large viewing area with interpretive displays gives a panoramic view of the Turnagain Arm flanked by stunning mountains and glaciers. Bears, Dall sheep and belugas are common sights at Bird Point. Many people stop at Bird Point to watch the bore tide, a rare tidal flow that occurs in the Turnagain arm. Your host site is a two-bedroom cabin nestled in the trees at the Point.

Main Tasks: Visitor information, daily visit counts, light maintenance, and park watch. This position is recommended for individuals highly active with trail patrol and maintenance. Weather can be variable and views exceptional. Need to possess a high interest in public contact and offering public information on trails, hazards, directions and radio usage. Candidate should have strong interest in hiking and biking. Position offers great outdoor opportunities and physical exercise for the recreation minded person.

Allowance/Housing: Two bedroom cabin, phone, electricity, water and dump.

Time Commitment: 5 months, 5/1 - 9/30, entire season desired

Send Application to:

Alaska State Parks - Chugach
18620 Seward Hwy
Anchorage, AK 99516

email: csp@alaska.gov

fax: (907) 345-6982

PARK CARETAKER (1-2 position)

Park/Area: KACHEMAK BAY STATE PARK

The first State Park adjoining the only Wilderness Park in Alaska, both combined include nearly 400,000 acres of rugged coastal mountains, high peaks, glaciers, river valleys, rain forest, large salt water lagoons, long stretches of remote beaches, deep bays and fjords and clear mountain lakes. They also have nearly 150 miles of coastline along two separate water bodies, Kachemak Bay and the Gulf of Alaska (Pacific Ocean). The park's abundant wildlife includes moose, black bear, mountain goat,

wolves, coyote, salmon, Bald Eagles, porpoises, whales and many species of sea and shorebirds. The nearly 90 miles of trail provide access to alpine areas, river valleys, lakes and glaciers throughout the park. Alpine areas provide nearly unlimited hiking without the need for trails. The park is only accessible by boat or airplane from Homer. Crew is transported via Park's patrol boat or landing craft.

Main Tasks: One or two positions needed to assist with operation and maintenance of the Halibut Cove Lagoon Ranger Station. This includes maintaining 3 public use cabins, latrines, dock, campsites, boardwalks, and associated facilities. Will assist the public with questions and directions. May assist ranger or technician with other projects in the park and with trail projects as needed.

Required Skills: Must possess a valid (current) driver's license; must possess a strong work ethic; able to live and work together with others in a remote setting; be in good physical condition and able to lift and carry tools and packs up to 45lbs in weight; working knowledge of basic hand and power tools.

Desired Skills: Experience and/or training in powerboat operation, prior trail-crew experience and/or training. Training experience in backcountry travel, camping and survival. First-aid/CPR or higher level certification (current). Experience with basic carpentry, public relations, photography, statistics, and chainsaws operation.

Internship: Preference given to applicants seeking internship through college, working towards accredited degree in park management, resource management, or program designed for careers in outdoor recreation such as Park Ranger or Technician.

Allowance/Housing: Monthly food subsistence payment. Housing and cooking facilities located at the Ranger Station in Halibut Cove Lagoon during workweek. Shared bunk/living space will be provided in Homer on days off. Bring own sheets, sleeping bag, towels personal items, etc.

Transportation: Must provide transportation to Alaska. Applicants who arrive in Anchorage prior to May 15th may be picked up and transported to Homer by Park Staff on May 14th. Otherwise applicants must provide transportation to Homer. Volunteers will have group use of state vehicle while in Homer on restricted and limited basis for shopping and state business.

Time Commitment: Preference to applicants who can start May 16th (arrive Anchorage by noon May 15th) and work until August 15th. Arrangements will be made to pick you up in Anchorage around May 15-16. Otherwise applicants must provide transportation to Homer. Some VIP's may work until September 1 or later.

Note: Must receive application by March 15th. No applications accepted after March 15th. Selected applicants will be notified by April 15th. Application should include the following: 1) completed state parks volunteer application form, 2) letter of application, 3) resume, and 4) letters of reference.

Preference given to internships.

PARK CARETAKER (1 positions)

Park/Area: ALASKA CHILKAT BALD EAGLE PRESERVE

The eagle preserve is located north of Haines, Alaska, along the Chilkat River and includes about 48,000 acres of prime eagle habitat. It is world-renowned for the large gathering of 3,000 or more eagles during the fall and early winter. A facility located at the "Council Grounds," 19 miles north of Haines, along the Haines Highway, provides sheltered outside interpretive displays overlooking the Chilkat River where the highest concentration of eagles occurs. There is a two mile trail running along the river connecting scenic pull-outs.

Main Tasks: Assist/provide the area staff with daily operations of visitor contacts, and eagle observations. Janitorial service on the vaulted latrine and facility maintenance, including light carpentry, painting and repair work. May also include providing vehicle counts, highway safety information, nature observation, and commercial operator monitoring.

Required Skills: Should possess a valid driver's license; be physically fit and willing to work in rugged terrain in cold and wet conditions; able to work independently with little or no direct supervision; able to live in rustic accommodations without running water; have good public relation skills and be able to communicate effectively, both orally and in writing.

Internship: Field experiences only, not an internship position.

Allowance/Housing: Log, 16' x 16', cabin with sleeping loft. Oil drip heat, propane cooking stove, underground power, phone, and **no** running water. Full kitchen with gray water outfall. Public latrine nearby. Services located 19 miles south in Haines. Personal vehicle highly recommended.

Time Commitment: May through September, minimum of eight weeks, full season preferred.

Contact: Haines District

PARK CARETAKER (1 position)

Park/Area: POTTER SECTION HOUSE - CHUGACH STATE PARK

The Potter Section House is Chugach State Parks' office and is on Turnagain Arm with easy access to Anchorage and the scenic Seward Highway. The half million acres that make up Chugach State Park are filled with rugged mountains, ice caps and sweeping glaciers. Wildlife abounds, including brown and black bears, Dall sheep, mountain goats, moose, wolves, eagles and four species of salmon. Recreation includes hiking, climbing, wildlife viewing, hunting and ATV, mountain biking and horseback riding.

Main Tasks: Live at Potter Section House to help prevent criminal mischief and vandalism. Assist in the office by answering phones, greeting visitors, selling annual passes, data entry and light janitorial work. Assist in grounds keeping and light maintenance outside.

Allowance/Housing: Housing is provided at the Potter Section House, includes utilities. No pets permitted.

Time Commitment: May 1 – August 31 Entire season is desired and extensions are possible.

RANGER ASSISTANT (1-2 positions)

Park/Area: CHUGACH STATE PARK - EKLUTNA LAKE & NORTHERN WILDERNESS AREA

The half million acres that make up Chugach State Park are filled with rugged mountains, ice caps, and sweeping glaciers. Anchorage is next door to this amazing wilderness; residents and visitors can find a quick retreat in the park. Recreational opportunities include hiking, mountain biking, horseback riding, ATV riding, climbing, wildlife viewing, photography, hunting, fishing, kayaking, canoeing, camping, sail boarding, and berry picking. The park offers a wide variety of trails for both summer and winter use.

Eklutna Lake lies in the northern area of Chugach State Park and is approximately 36 miles north of Anchorage. It boasts the largest lake and the highest mountain peak in the park. This is a very popular recreational area with campgrounds, picnic areas, public use cabins, interpretive displays and approximately 30 miles of trails.

Main Tasks: Assist area ranger with management and maintenance of backcountry trails, campgrounds, remote airstrip and public use cabins. Be available to respond to problems or emergencies by contacting ranger staff or appropriate authorities; contact park visitors to inform and educate them of park rules and regulations. May be lead person for volunteer groups and will assist visitor services, maintenance, litter pickup and janitorial services of front country camp ground/facilities, and operation of fee booth.

Required Skills: Backcountry hiking, camping and survival skills. Ability to work independently without direct daily supervision. Must be able to live in a primitive setting; have basic carpentry skills and possess a valid driver's license.

Desired Skills: Education and/or experience in resource/recreation management. Outgoing personality and willingness to make public contacts. Have a strong background in the use and maintenance of chainsaws; carpentry skills and ATV operation.

Internship: Will assist volunteer in internship requirements and paperwork for college credit.

Allowance/Housing: Subsistence payment and shower card. Provided housing is a two room, 14' x 24' furnished cabin next to the ranger station. Accommodations include electric heat, hot plate, microwave oven, refrigerator, 2 twin beds, dresser, couch, television, VCR, AM/FM/cassette player, desk and chair. Cabin shares an extension of ranger station telephone. Latrine and a storage building are located nearby. Laundry and shower facilities available one mile away. Water is available in the main campground. Pets are not permitted.

Time Commitment: Start mid May through June 1 for a minimum of 10 weeks.

Note: For this position, applications must be received prior to February 1st.

fax: (907) 688-0908

RANGER ASSISTANT (2 positions)

Park/Area: CAINES HEAD STATE RECREATION AREA & RESURRECTION BAY STATE MARINE PARKS

Caines Head is a promontory in Resurrection Bay adjacent to Kenai Fjords National Park. The area hosts a wealth of marine mammals, fishes and nesting sea birds. Mountains ring the bay and trap incoming storms. High levels of precipitation feed the tremendous glaciers that sweep through the area and foster rain forests and abundant wildlife. Caines Head is located seven water miles south of Seward, Alaska. Accessible by boat or foot, it contains the remains of WWII fortifications overlooking Resurrection Bay and is rich in wildlife. Five other marine parks exist within Resurrection Bay and nearby Day Harbor only accessible by boat.

Main Tasks: Repairing and constructing trails. Painting and maintenance of park facilities. Preparing and presenting weekly interpretive tours of historic defense structures. Routine patrols of each park unit. Public use cabin maintenance.

Special Projects: Inventory and document historic buildings. Photograph buildings and park.

Required Skills: Two years of undergraduate study in a resource related field. Willing to learn boating skills and power tool operation. Able to work well with the public; able to live and work independently in a remote setting.

Internship: Field experience only, not an intern position.

Allowance/Housing: Subsistence payment available. Housing is 16' X 20' log ranger station to be shared with one additional staff member. Groceries available in Seward (transportation available weekly) and from the sea (excellent fishing).

Time Commitment: 5 days per week, 8 weeks minimum between 5/15 and 9/7; at least 6/15 - 8/15.

RANGER ASSISTANT

Park/Area: KASILOF, NINILCHIK AND DEEP CREEK STATE RECREATION SITE AND AREA

This position is located at the Ninilchik Ranger Station and assists with maintaining the state park facilities from Kasilof to Ninilchik, small communities with approximately 800 people located on the western Kenai Peninsula. Local residents and visitors are drawn to this area because of the outstanding recreation opportunities; freshwater fishing in the Ninilchik River, the best roadside salmon fishing at Deep Creek and outstanding razor clam digging at Ninilchik beach. The proximity to Cook Inlet offers fantastic saltwater fishing for halibut and salmon. The Kasilof area includes Clam Gulch and access to the Kasilof River. One of the area's most popular campgrounds, Johnson Lake SRA is also in Kasilof.

Special Projects: Replace and construct picnic tables. Paint park buildings. Repair and improve campground sites. Repair and install park signs. Repair lawn mowers and brush cutters.

Amenities: Subsistence payment, electricity and water, shower and laundry facilities available at park office. Other services available in Ninilchik.

Time Commitment: 2 - 4 months starting May 15.

RANGER ASSISTANT (1 - 2 positions)

Park/Area: OLD SITKA STATE HISTORIC SITE

Old Sitka SHS is located seven miles from downtown Sitka on Halibut Point Rd. This day-use park is located along Starrigavan Bay at the site of the first Russian settlement in Sitka. Park attractions include a one mile interpretive trail located in a coastal muskeg and spruce/hemlock forest and a two mile loop trail leading to the calm waters of Mosquito Cove. Additionally there is a boat ramp, dock, and interpretive kiosks explaining the cultural history of this site.

Main Tasks: Perform daily maintenance and cleaning of park facilities. Other duties include landscaping and trail maintenance work.

Special Projects: May work with staff on maintenance or construction projects in other district parks.

Required Skills: Ability to operate hand and power tools.

Desired Skills: Carpentry experience.

Allowance/Housing: Volunteer lives in rustic cabin at park. Oil heat and electric lights are provided. No water or plumbing in cabin.

Time Commitment: 6 - 8 weeks, April - September

Internship: Will assist volunteer with internship requirements and paperwork.

fax: (907) 747-3007

RANGER ASSISTANT (2 positions)

Park/Area: DELTA AREA STATE PARKS

The Delta area covers a wide expanse of interior woodlands, hills, braided river bottoms, and high country tundra. The Alaska Range borders the south side and the Yukon River/Tanana River uplands stretch for miles to the north and northeast. The Delta area is home to a large herd of free roaming bison transplanted from Montana in 1927 and 1928. Moose and caribou are frequently seen in the Delta Junction area and Dall sheep may be viewed south of town in the Alaska Range. State Parks in the Delta area serve as access points to vast areas of Interior Alaska wilderness. The Delta Parks District includes three state recreation sites, two 640 acre state recreation areas, and one state historical park.

-At Quartz Lake State Recreation Area, recreational opportunities abound. Whether you enjoy the feel of a 20 inch rainbow trout on the line, the breathtaking view after a hike to Bluff Point, or sitting around the campfire with friends, these opportunities and more are available.

-Big Delta State Historical Park, through its tremendous historic buildings and displays, gives visitors an opportunity to take a walk back in time. The historic district was an important crossroad for travelers, traders, and the military during the early days of the 20th century.

-Clearwater State Recreation Site is a beautiful little campground which lies tucked beside a crystal clear river offering a peaceful place to visit. Besides the excellent fishing opportunity for Arctic grayling, many people enjoy the opportunity to float the Delta-Clearwater River.

-Delta State Recreation Site gives visitors a wilderness feel but keeps them conveniently close to town. Directly across the highway from the recreation site lies the Delta River allowing for some spectacular views of the Alaska Range beyond which remains snow covered year round.

-Donnelly Creek State Recreation Site offers a peaceful setting with views of some of the tallest peaks of the Alaska Range. There is a great opportunity here to examine alpine plant life, along with good wildlife viewing opportunities.

-Fielding Lake State Recreation Area is at an elevation of 2,973 feet in the Alaska Range. Because of the elevation, the ice sometimes remains on the lake until July. The site offers great fishing opportunities for Arctic grayling, lake trout and burbot.

Main Tasks: The ranger assistant positions are ideal for natural resource or park and recreation internships. They offer valuable experience for persons interested in careers in park management. Ranger assistants will be involved in the day to day operations of all state park units in the Delta Junction area.

Required Skills: Ranger Assistants must have the ability to work effectively with other volunteers and the public and have an interest in natural resource related subjects. They must be comfortable with living in a primitive setting. They must be able to operate basic trail clearing tools, maintenance tools, chainsaws, and brush cutters, given proper training. Applicants must possess a valid driver's license.

Desired Skills: Public speaking ability and construction skills are desired.

Allowance/Housing: A rustic cabin is provided. There is no running water at the cabin. Subsistence payment of \$200 twice monthly is given. Transportation is provided within the district and limited transportation in the region. Shower facilities are available at the Delta Parks office.

Internship: As an intern, your experience will be closely supervised and unique school requirements will be complied with.

Time Commitment: 8 weeks minimum, preference given to longer commitments, May 16 – Sept.4.

RANGER ASSISTANT (2 positions)

Park/Area: HARDING LAKE STATE RECREATION AREA, BIRCH LAKE STATE RECREATION SITE & SALCHA RIVER STATE RECREATION SITE

These park units are located approximately 45 miles southeast of Fairbanks on the Richardson Highway and are busy and popular on weekends. The weather is often sunny and warm. Recreational activities are fishing, hiking, boating, and picnicking. Facilities include day use and picnic sites, campgrounds, boat launches, and hiking trails.

Main Tasks: Assist staff in daily operations involving facility maintenance, visitor contacts, brush cutting, lawn mowing, painting, routine janitorial work, litter pickup, and other duties.

Special Projects: Upgrading bulletin boards, expanding the self-guided nature trail at Harding Lake SRA, and assisting in the Harding Lake entrance station as needed.

Required Skills: Must possess a valid driver's license; have an interest in natural resources and the environment; must be physically fit, and able to work and live with others in rustic accommodations.

Desired Skills: Understanding of operation and maintenance of power and hand tools, carpentry skills, and landscaping.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Subsistence payment, Ranger station with complete amenities, shared with other volunteers.

Time commitment: 10 weeks, starting June 1 (extension possible).

RANGER ASSISTANT (2 positions)

Park/Area: CHENA RIVER STATE RECREATION AREA - NORTHERN REGION

This park unit is located 30 miles northeast of Fairbanks and is a 250,000+ acre multiple use recreation area. Bisected by the clear running Chena River and its tributaries, the area comprises a diversity of alpine tundra, boreal forest, and riparian habitats. Recreational opportunities and facilities include canoeing, hiking and ATV trails, rock climbing, fishing, hunting, wildlife viewing, campgrounds, picnic sites, public use cabins, and more. A dry continental climate coupled with nonstop daylight often yields an abundance of sunny days with 70-80 degrees F temperatures.

Main Tasks: Assist staff in daily operations, involving facility maintenance, visitor contact, and other duties as needed. Will include trail maintenance and construction, brush and wood cutting, painting, routine janitorial work, landscaping, small structural repairs and litter pickup.

Special Projects: Varies with the individual: interpretive trail plan implementation, river patrols, repair

of back country cabins, campground maintenance.

Required Skills: Must possess a valid driver's license; have basic outdoor survival skills; be physically fit; willing and able to work in rugged terrain; ability to work independently with little or no direct supervision; able to live and work closely with others; ability to live in rustic accommodations; possess good public relations skills; able to communicate effectively both orally and in writing. This is a great place for a couple to volunteer together.

Desired Skills: Operation and maintenance of chain saws, brush cutters, and other power tools; river canoeing; trail construction and maintenance; carpentry skills; backcountry travel experience; landscaping.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Subsistence payment. Combination of rustic cabins and backcountry camping. Electricity is provided by generator power, with a mess hall w/modern kitchen, showers and laundry available at the site. Phone and PC can be accessed.

Time Commitment: 10 weeks, starting June 1 (extension possible).

RANGER ASSISTANT (2 positions)

Park/Area: CHENA RIVER STATE RECREATION AREA – MILE 33 MAINTENANCE AREA

This facility is located at 33-mile Chena Hot Springs Road. These positions involve working throughout the 255,000 acre recreation area. The Chena River SRA facility includes 3 campgrounds, 9 trailheads, 20 river access roads, 3 ponds stocked by Fish & Game, 10 picnic site and 3 public use cabins.

Main Tasks: Assist with the operations of this popular Fairbanks destination. Duties assigned as needed. Facility maintenance at the campgrounds and trailheads. Also back country trail maintenance if needed.

Special Projects: Minor maintenance throughout the park. Clean and maintain restrooms, stock park brochures. Visitor information and services.

Required Skills: Must possess a valid driver's license, be physically fit, willing and able to work, good public relation skills, and live closely with others in rustic accommodations.

Desired Skills: Trail maintenance, basic carpentry skills, landscaping and operation. Maintenance of chainsaws, brush cutters, lawn mowers and other powers tools.

Internship: Will assist volunteer in internship requirements and paper work.

Allowance/Housing: Subsistence payment. Combination of rustic cabins and backcountry camping. Electricity is provided by generator power, with a mess hall w/modern kitchen, showers and laundry available at the site. Phone and PC can be accessed.

TRAIL CREW (4 positions)

Park/Area: KACHEMAK BAY STATE PARK

The first state park adjoining the only wilderness park in Alaska, both combined include nearly 400,000 acres of rugged coastal mountains, high peaks, glaciers, river valleys, rain forest, large salt water lagoons, long stretches of remote beaches, deep bays and fjords and clear mountain lakes. They also have nearly 150 miles of coastline along two separate water bodies. Kachemak Bay and the Gulf of Alaska (Pacific Ocean). The park's abundant wildlife includes moose, black bear, mountain goat, wolves, coyote, salmon, Bald Eagles, porpoises, whales and many species of sea and shorebirds. The nearly 90 miles of trail provide access to alpine areas, river valleys, lakes and glaciers throughout the park. Alpine areas provide nearly unlimited hiking without the need for trails. The park is only accessible by boat or airplane from Homer, Alaska. Crew is transported via Park's 26ft. patrol boat or 28' landing craft.

Main Tasks: Maintain park trails, campsites, and trailheads. Trail maintenance includes chainsaw and brush cutter operation, erosion control, tread work, campsite inspection and maintenance, and trailhead maintenance. Crews will be working and camping in remote settings up to 5 days at a time. Other duties may include public contact and assistance, assist with foot and boat patrols, assistance with construction and/or repair to any old or new facilities. Training will be provided in all special skill areas.

Special Projects: May be involved with visitor use surveys, inspecting and surveying high use public use areas for visitor impacts, trail reconstruction, and bridge construction.

Required Skills: Must possess a valid (current) driver's license; must possess a strong work ethic; able to live and work together with others in a remote setting; be in good physical condition and able to lift and carry tools and packs up to 45 lbs. in weight; working knowledge of basic hand and power tools.

Desired Skills: Experience and/or training in powerboat operation, prior trail-crew experience and/or training. Training experience in backcountry travel, camping and survival. First-aid/CPR or higher level certification (current). Experience with basic carpentry, public relations, photography, statistics, and chainsaws.

Internship: Preference given to applicants seeking internship through college, working towards degree in park management, resource management, or program designed for careers in outdoor recreation such as Park Ranger or Technician.

Allowance/Housing: Subsistence payment. Majority of the time will be spent out in the field living in tents and occasionally at the Halibut Cove Lagoon Ranger Station. Field equipment will be available for use during the work week. Shared bunk/living space will be provided in Homer on days off. Bring own sheets, sleeping bag, towels and personal items, etc.

Transportation: Must provide transportation to Alaska. Arrangements will be made to pick you up in Anchorage around May 15-16. Otherwise applicants must provide transportation to Homer. Volunteers will have group use of state vehicle while in Homer on restricted and limited basis for shopping and state business.

Time Commitment: Preference to applicants who can start approximately May 16th (arrive Anchorage by noon May 15th) and work until August 15th. Some VIP's may work until September 1 or later depending on weather.

Note: Must receive application by March 15. No applications accepted after March 15th. Selected applicants will be notified by April 15th. Application should include the following: 1) completed state parks volunteer application form, 2) letter of application, 3) resume, and 4) letters of reference.

Preference given to internships.

Fun: Those hired are expected to work hard and play, have fun and be safe. Kayaks, fishing poles, smaller skiff, and bicycles are available for recreation.

TRAIL CREW (2 positions)

Park/Area: RESURRECTION BAY AND WESTERN PRINCE WILLIAM SOUND

Work will be located in Thumb’s Cove State Marine Park, Caines Head State Recreation Area, and Decision Point Marine State Park. Park facilities include coastal campsites and five public use cabins. Resurrection Bay is located on the Kenai Peninsula the southern end of a coastal rain forest with glaciers, lakes, and fjords. Access to the park facilities is by boat or by foot.

Main Tasks: Provide maintenance on public use cabins, trails, and latrines. Assist park staff in acquiring visitor counts and serve as a field contact for the public. Will be trained and instructed in the use of trail construction tools, boating skills/safety, and general construction skills.

Required Skills: Possess a valid driver’s license; must possess good work ethics and maintain a strong sense of crew morale; be in good physical condition; able to live and work in a remote location cooperatively with others; able to work in adverse weather and rugged terrain; able to lift and carry heavy items; possess working knowledge of basic hand tools; possess good public relation skills.

Desired Skills: Working towards, or possession of a degree in a natural resource related field; experience or training with power tools, brush cutters, etc.; carpentry skills; knowledge of marine environment; backcountry travel/survival skills; emergency first aid skills.

Allowance/Housing: Monthly food subsistence payment of \$500/month. Live in remote ranger station cabin (7 miles from Seward) with no running water and Lowell Point volunteer housing which has a limited water resource. Should bring sleeping bags and pads, plus own towels, etc.

Uniforms: No uniform required. Provide own leather work-boots. Raingear, rubber boots, work gloves, and other safety equipment provided.

Time Commitment: Minimum of 8 weeks from June - August.

TRAIL CREW (2 positions)

Park/Area: NANCY LAKE STATE RECREATION AREA

Nancy Lake State Recreation Area is located in Southcentral Alaska, 67 miles north of Anchorage. Located in the community of Willow, with a population of about 1,650, Nancy Lake SRA is situated on the east side of the broad Susitna River Valley. Nancy Lake SRA has the typical geography formed by the retreat of large glaciers - forested, rolling hills of glacial moraine and countless lakes, ponds, and streams. This recreation area is well known for its canoe trail system and public use cabins. The 22,685 acre park is home to moose, beaver, fox, black bear, waterfowl, and many other wildlife species. Summer recreation activities include canoeing, camping, hiking, and fishing.

Main Tasks: Perform trail improvements and maintenance of summer hiking and winter ski trails as well as canoe portages. The area has ten miles of cross-country ski trails and approximately seventeen miles of canoe and hiking trails. Work will include re-building of small bridges, boardwalk construction,

remote campsite improvements, and public use cabin maintenance. Crew may also assist in some campground maintenance as needed.

Special Projects: May occasionally work with other staff on larger projects.

Required Skills: Prefer person with education/experience in resource or recreation management. Experience in hand tool use, boat/canoe handling and chain saw use.

Desired Skills: Ability to work independently, experience in backcountry conditions, and carpentry skills. Applicants with a valid driver's license preferred.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Subsistence payment with a minimum 60 day commitment. Housing is provided in a cabin located near the rear of the ranger station.

Time Commitment: Two months (sixty days) minimum, at least June 15 - August 15. Positions can remain open as long as May 15 to September 15 depending on weather.

Note: Applications must include a resume. Applications should be received by March 1.

TRAIL CREW (4-5 positions)

Park/Area: DENALI STATE PARK

Just south of Denali National Park, this state park has some of the best views of the Alaska Range and Mt. McKinley. At 325,220 acres, most of it wilderness, it is almost half the size of Rhode Island. A major highway and three large rivers pass through the park providing access to camping, boating, fishing, hiking and climbing. The Byers Creek Ranger Station is a homestead site on Byers Creek at the base of Kesugi Ridge, with nearby spectacular views of the Alaska Range with quick access to wilderness recreation and abundant wildlife. The closest community is Trapper Creek, 30 miles away with a population of 400.

Main Tasks: Constructing and maintaining back country and front country trails. Maintenance of area wide campgrounds, public use cabins and facilities.

Special Projects: Supervise volunteer work crew on special construction projects within the park. Assist staff on back county and river patrols.

Required Skills: Must be able to live and work closely with others in shared quarters. Familiarity with basic hand and power tools and basic chainsaw operation.

Desired Skills: Carpentry skills.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Subsistence payment with a minimum of 60 day commitment. Volunteers will base out of primitive cabins at Byers Creek ranger station with phone and propane lights. Use and privileges of cabin with full utilities 3 miles north.

Time Commitment: June - September, preference to three months or more.

Note: Application deadline is March 1, instead of April 1.

TRAIL CREW (1-2 positions)

Park/Area: CHUGACH STATE PARK – EAGLE RIVER NATURE CENTER

The half million acres that make up Chugach State Park are filled with rugged mountains, ice caps, and sweeping glaciers. Wildlife abounds, including brown and black bears, Dall sheep, moose, wolves, lynx, bald and golden eagles and all five species of salmon. Anchorage has grown up next door to this amazing wilderness and residents and visitors find a quick retreat in the park. Recreation includes hiking, climbing, wildlife viewing, rafting, mountain biking and horseback riding. With mountains rising almost 7,000 feet in elevation just above the Nature Center, it's no wonder that Walter Mendenhall called the Eagle River Valley a "miniature Yosemite". Yet, the Nature Center is just a short 45 minute drive from Anchorage.

Main Tasks: Maintain Eagle River Nature Center grounds/trails and public use cabin and yurts. Trail maintenance includes chainsaw, log splitter and ATV operation, erosion control, tread work, and cabin and yurt inspection and maintenance. Other duties may include repair to facilities and basic carpentry.

Required Skills: Experience supervising small groups, familiarity with hand tool use (pulaskis, etc), including chainsaw operation, experience in basic tool and ATV maintenance and repair, be physically fit, and able to live and work closely with others in rustic accommodations.

Desired Skills: Carpentry skills and previous trail maintenance experience.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Subsistence payment with a minimum 60 day commitment. Volunteers will be housed in small, rustic cabins with shared facilities inside the Eagle River Nature Center, which include kitchen and bathroom.

Time Commitment: May-August, or September-April (winter trail grooming). Preference for three or more months.

Send Application to: Asta Spurgis, Director

Eagle River Nature Center

32750 Eagle River Rd

WINTER CARETAKER (1 position)

Park/Area: GLEN ALPS CARETAKER CABIN - Hillside Host

Glen Alps is a very popular park for Anchorage residents and visitor alike. Just a short drive from downtown Anchorage, visitors can enjoy a true wilderness experience. Residents spend time walking, hiking and skiing the many trails around the park especially on long summer days and weekends. Moose, fox and an occasional bear are often sighted from the many vantage points. Activities during winter include skiing, hiking, sledding, wildlife viewing and snowmobiling (if snow depth is adequate). The Anchorage Hillside host is responsible for providing basic services at four popular Chugach State Park trailheads; Glen Alps, Upper O'Malley, Upper Huffman, and Prospect Heights.

Main Tasks: Live at the Glen Alps caretaker cabin and perform daily maintenance of the facility. Job duties include restroom cleaning, garbage pickup, visitor counts, incident reporting, visitor interaction, and other duties as assigned. Winter duties include those described above although on a smaller scale due to decreased visitation. This position requires people who can work with minimal supervision, exercise good judgment and maintain a high standard for park maintenance.

Requirements: The position can be physically demanding. Additional duties during winter include snow blowing/shoveling, maintaining access to fee stations and latrines, snowmobile operation, and winter trail maintenance. Experience in winter-based activity is especially helpful for this position.

Internship: Field experience only, not an intern position.

Allowance/Housing: Cabin with some furnishings, propane provided for stove/oven and heater.

Time Commitment: October 15 through May 15.

Send Application to: Ranger Kurt Hensel

Alaska State Parks – Chugach
18620 Seward Hwy
Anchorage, AK 99516

email: kurt.hensel@alaska.gov
phone: (907) 345-5014
fax: (907) 345-6982

WINTER CARETAKER (1-2 positions)

Park/Area: CHUGACH STATE PARK - EAGLE RIVER NATURE CENTER

The half million acres that make up Chugach State Park are filled with rugged mountains, ice caps, and sweeping glaciers. Wildlife abounds, including brown and black bears, Dall sheep, mountain goats, moose, wolves, bald and golden eagles, and all five species of salmon. The Nature Center is operated by a non-profit Friends group in cooperation with Chugach State Park. The purpose of the Nature Center is to provide a safe environment in which park visitors can receive timely and accurate information and learn about the natural environment. Our priorities are friendliness, safety and quality.

Main Tasks: Live at the Eagle River Nature Center and perform daily maintenance of the facility and latrines in the area. Provide indoor information services (in person and over the phone, Friday-Sunday); operate cash register for snack, gift and membership sales. Light maintenance, including watering flowers, letter pickup, cleaning restrooms, emptying trash and vacuuming. Other tasks involve snow removal in the vicinity of the nature center, using a snowblower and snow shovels; provide a security presence; assist staff with patrol of the trails and trail maintenance.

Special Projects: Varies with the individual but could include leading winter recreational or naturalist programs if interested.

Desired Skills: Good public speaking skills and enthusiasm for working with the public; self-motivation; flexibility; good judgment; winter survival and recreational skills; good health and physical condition; ability to work independently, comfortable with using snow machinery. Possess a valid driver's license.

Requirements: Must be available during the week to maintain the facility and area - remove snow and assist staff when needed; available Fridays through Sundays from 9:30 am to 5:30 pm to work inside the center, as well as to assist with Friday evening astronomy programs 2 times a month.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Subsistence payment available. Upper floor room inside nature center with bed, desk, closets, and phone; modern restroom nearby; kitchen with some sharing; access to computer and TV/VCR; availability of vehicle to drive to Eagle River for errands (grocery shopping, laundry, etc); must be flexible and adaptable to living conditions because several other staff and local volunteers will be in and out of the building at various times of the day.

Time Commitment: October 1 through May 1, minimum time commitment.

Note: Additional information about the Nature Center is located at www.ernc.org For specific questions contact Asta Spurgis, Director at info@ernc.org. (Please include "Volunteer Inquiry" in the subject line). You may send applications up to one year in advance. We prefer to follow-up on preliminary applications by e-mail.

Application requirements: Completed Alaska State Parks application; short cover letter explaining your motivation for pursuing a volunteer position at the Nature Center and your dates/times available; a brief description of any special skills and related experience; and a resume limited to one page. Please do not send any additional information.

Eagle River, AK 99577

email: admin@ernc.org
phone: (907) 694-2108
fax: (907) 694-2119

WINTER PARK CARETAKER (1-2 position)

Park/Area: OLD SITKA STATE HISTORIC SITE

Old Sitka State Historic Site is located seven miles from downtown Sitka on Halibut Point Road. This day-use park is located along Starrigavan Bay at the site of the first Russian settlement in Sitka.

Attractions at this park include a one-mile interpretive trail located in a coastal muskeg and spruce/hemlock forest, boat ramp, dock, and interpretive kiosks.

Main Tasks: Perform daily maintenance and cleaning of park facilities. Keep boat launch and dock shoveled clear of snow and spread sand when necessary.

Special Projects: Volunteers may work with staff on maintenance or construction projects in other district parks.

Required Skills: Ability to operate hand and power tools.

Desired Skills: Carpentry experience.

Allowance/Housing: Volunteer lives in rustic cabin at park. Oil heat and electric lights are provided. No water or indoor plumbing in cabin.

Time Commitment: 3 - 6 months, October - March.

Internship: Will assist volunteer in internship requirements and paperwork.

Send Application to: Ranger Nick True

WINTER PARK CARETAKER (1 position - couple preferred)

Park/Area: SETTLERS COVE STATE RECREATION SITE

This small park is nestled in a cove along an ocean passage and surrounded by dense forest. There is kayaking and fishing nearby and wildlife viewing for whales, bald eagles, and black bear. The site has several miles of hiking trail. There is also an abundance of Sitka-black tailed deer right out the front door. Settlers Cove is located 18 miles north of Ketchikan, which has a population of about 14,500. Ketchikan has a variety of art and music happenings, and is known for having the largest collection of totem poles in the world. The community is located in southern Southeast Alaska, within the coastal temperate rainforest region. Winter weather is mild and misty, with very little snow. At Settlers Cove in the winter, only the day use area is used.

Main Tasks: Light maintenance within the park, its facilities, and the cabin; provide assistance and visitor information to the visiting public, open/close the park entrance gate daily, and assist in maintenance of hiking trails.

Special Projects: Maintain record of wildlife sightings such as birds, deer and bear in the park, and daily weather record; assist in small construction projects such as viewing platforms and staircases as skills permit. Winter interpretive programs are optional.

Required Skills: Must be able to work independently and have the knowledge to provide general grounds upkeep without direct supervision. Must have good speaking skills and enthusiasm for working with the public. Must be in good health and physical condition.

Desired Skills: First aid and CPR; ability to use basic carpentry tools.

Internship: Field experience only, not an intern position.

Allowance/Housing: Log cabin with some furnishings, propane provided for stove/oven and heater, phone (local calls only). Propane and electric provided.

Time Commitment: October 1 through April 30 preferred, will split if necessary.

Note: Personal 4 wheels or all wheel drive vehicle recommended for transportation. Couples are encouraged to apply. Applications accepted through August 30.

Send Application to: Ranger Mary Kowalczyk

phone: (907) 247-8574
fax: (907) 247-8573

WINTER PARK CARETAKER (1 position)

Park/Area: ALASKA CHILKAT BALD EAGLE PRESERVE

The preserve is located north of Haines, Alaska, along the Chilkat River and includes about 48,000 acres of prime eagle habitat. The preserve is world-renowned for the large gathering of 3,000 or more eagles during the fall and early winter. A facility located at the "Council Grounds," 19 miles north of Haines, along the Haines Highway, provides sheltered outside interpretive displays overlooking the Chilkat River where the highest concentration of eagles occurs. There is a two mile trail running along the river connecting scenic pull-outs.

Main Tasks: Assist/provide the area staff with daily operations and visitor contacts, eagle observations, and facility maintenance, including routine janitorial work. Will include light carpentry work, winter snow removal, vehicle counts, highway safety information, and nature observation.

Required Skills: Should possess a valid driver's license; be physically fit and willing to work in rugged terrain in cold and wet conditions; able to work independently with little or no direct supervision; able to

live in rustic accommodations without running water; have good public relation skills and be able to communicate effectively, both orally and in writing.

Internship: Field experience only, not an internship position.

Amenities: 16' X 16' log cabin with sleeping loft. Oil drip heat, propane cooking stove, underground power, phone, and no running water. Full kitchen with gray water outfall. Public latrine nearby. Services located 19 miles south in Haines. Personal vehicle required.

Time Commitment: October through April, minimum of eight weeks, full season preferred.

Send Application to: Ranger Preston Kroes

Alaska State Parks – Haines Office	email: preston.kroes@alaska.gov
P.O. Box 430	phone: (907) 766-2292
Haines, AK 99827	fax: (907) 766-2284

WINTER PARK CARETAKER (1 position)

Park/Area: CHUGACH STATE PARK – POTTER SECTION HOUSE

The half million acres that make up Chugach State Park are filled with rugged mountains, ice caps, and sweeping glaciers. Anchorage has grown up next door to this amazing wilderness, and residents and visitors find a quick retreat in the park. Recreation includes hiking, climbing, wildlife viewing, hunting and ATV, mountain bike and horseback riding. Wide spectrum of trails - summer and winter.

Main Tasks: Assist with snow removal, office duties, and light janitorial.

Internship: Field experience only, not an intern position.

Allowance/Housing: Housing provided. No pets permitted.

Time Commitment: September 1 - April 30.

Note: For this position, applications must be received by July 1.

Send Application to:

Alaska State Parks – Chugach	email: csp@alaska.gov
18620 Seward Hwy	phone: (907) 345-5014
Anchorage, AK 99516	fax: (907) 345-6982

WINTER PARK CARETAKER (1 - 2 positions)

Park/Area: HALIBUT POINT STATE RECREATION SITE

Halibut Point SRS is located four miles from downtown Sitka along Halibut Point Road. This day-use park is located on the ocean in a coastal spruce/hemlock forest and is a popular picnic and group gathering area. Three public use picnic shelters, picnic sites, and hiking paths are located in this 22-acre park. The district office is located in this park. Couples are preferred for this site.

Main Tasks: Perform daily maintenance and cleaning of park facilities. Coordinate picnic shelter permits and reservations. Assist ranger with office duties.

Special Projects: Work with staff on maintenance or construction projects in other district parks.

Required Skills: Ability to operate hand and power tools.

Desired Skills: Carpentry experience.

Allowance/Housing: Volunteer lives in cabin at park. Electric heat, water, shower and indoor plumbing provided.

Time Commitment: 3 - 6 months, October - March.

Internship: Will assist volunteer in internship requirements and paperwork.

Send Application to: Ranger Nick True
Alaska State Parks - Southeast
3803 Halibut Point Rd.
Sitka, AK 99835

fax: (907) 747-3007

WINTER PARK CARETAKER (1 position)

Park/Area: CHUGACH STATE PARK - EKLUTNA LAKE RECREATION AREA

The Eklutna Lake facility is located about 36 miles north of Anchorage at the west end of the 8-mile long Eklutna Lake. Recreational opportunities include camping, hiking, biking, horseback riding, climbing, hunting, fishing, ATV riding, skiing, snowshoeing, snowmobiling and wildlife viewing.

Main Tasks: Live at Eklutna Lake to help deter criminal mischief and vandalism of facilities; respond to problems or emergencies by contacting ranger staff or appropriate authorities. Other duties include visitor contacts, conducting fee compliance checks of vehicles at trailhead, snow removal using plow truck, ATV, and snow shovel. Also assist with equipment and facility maintenance, snowmobile and ski trail maintenance, work on interpretive displays, and office duties.

Amenities: Subsistence check, rustic cabin w/electricity and phone. No water or plumbing, outhouse nearby.

Required Skills: Must possess a valid driver's license; be able to work independently; be in good physical health; and must also enjoy working with the public. Familiar with use and maintenance of plow trucks, snowmobiles, and ATV's.

Desired Skills: First aid and CPR; avalanche rescue and winter survival training; ability to use an assortment of hand and power tools including chainsaws and two-way radio.

Internship: Field experience only, not an intern position.

Season: 7 months, 10/1 - 4/30, entire season desired.

Allowance/Housing: Subsistence payment and a two room 14' x 24' furnished cabin next to ranger station. Accommodations include electric heat, hot plate, microwave oven, refrigerator, 2 twin beds, dresser, couch, television with VCR, AM/FM/cassette player. Cabin shares extension of ranger station phone line. Latrine and a storage building located nearby. Laundry and shower facilities available in nearby town 15 miles away. Running water is not available and must be brought in from outside the park. Couples are welcome to apply. Pets are not permitted.

Time Commitment: September 15 through May 1.

NOTE: Applications will be accepted thru August 15th.

Send Application to:

Alaska State Parks – Chugach
18620 Seward Hwy
Anchorage, AK 99516

fax: (907) 345-6982

WINTER PARK CARETAKER/RANGER ASSISTANT (1 position)

Park/Area: HATCHER PASS and INDEPENDENCE MINE STATE HISTORICAL PARK

Hatcher Pass is high above the tree line in the Talkeetna Mountains and about 60 miles north of Anchorage. Hatcher Pass is usually the first accessible location in Southcentral Alaska to develop adequate snow cover for snowmobile riding, cross-country and downhill skiing, snowshoeing, snowboarding and similar activities. A plowed road into this mountainous region provides easy access to these winter activities from the Anchorage/Mat-Su area and thus is a very popular winter destination. Alaska State Parks actively manages the recreation resources, and provides for most of the public safety and law enforcement concerns, in the eastern 48,000 acres of the 212,000 acre Hatcher Pass Management Area. State Park operation in the remainder of the area is more passive involving occasional patrols. Winter in Hatcher Pass generally lasts from October through May and the area receives 20 to 30 feet of snow, which develops into a solid 8 to 12 foot snowpack.

Main Tasks: Live at Independence Mine and perform daily maintenance and/or monitoring of a diesel power plant, furnace system, radio phone, water system and three latrines in the area; remove snow in the vicinity of the visitor center using a large snowblower and snow shovels, and assist in shoveling snow from roofs; perform maintenance as needed to the snowblower, and to several snowmobiles; record daily weather, conditions, and observations; host groups using the visitor center; provide a security presence; assist the ranger in snowmobile and ski trail development, maintenance, patrols, road patrol, visitor contacts and general area maintenance.

Special Projects: Assisting Rangers on snowmobile patrols. Possible small workshop projects.

Required Skills: Must be able to endure or even enjoy isolation for up to several days at a time during snowstorms; must enjoy winter and winter sports; must be able to cross-country ski, snowshoe, and ride snowmobiles in steep country with deep powder snow; must also have good public speaking skills and enthusiasm working with the public; must be in good health, good physical condition and be a high energy person. Must be familiar with operating and maintaining a diesel generator power plant, furnace and electrical systems, a variety of snowmobiles, and a snowblower.

Desired Skills: First aid and CPR, avalanche and winter survival training; ability to use basic carpentry tools, use of two way radio and camera; driving in snow and ice.

Internship: Field experience only, not an intern position.

Allowance/Housing: One subsistence payment is available, though couples are welcomed to apply. A modern, furnished, efficiency apartment in the upper floor of the parks visitor center, formerly the mine manager's house; must be flexible and adaptable with living conditions as several other staff or groups may be utilizing the kitchen and bathing facilities in this apartment occasionally. The winter plowing ends 1.5 miles short of the visitor center. Access to and from the building is via skis, snowshoes or snowmobile. Pets are not permitted.

Time Commitment: 6 months, generally from mid October until mid April.

Note: Applications will be accepted thru August 15.

Send Application to: Ranger Kym Miller

Alaska State Parks - Mat-Su/CB
7278 E. Bogard Road

fax: (907) 745-0938

WINTER PARK CARETAKER (1 position)

Park/Area: NANCY LAKE STATE RECREATION AREA

This position also includes other nearby park units. Nancy Lake State Recreation Area is located in Southcentral Alaska, 67 miles north of Anchorage in the community of Willow. Situated on the east side of the broad Susitna River Valley, Nancy Lake SRA has the typical geography formed by the retreat of large glaciers - forested, rolling hills of glacial moraine and countless lakes, ponds, and streams. This recreation area is well known for its canoe trail system and public use cabins. The 22,685 acre park is home to moose, beaver, fox, black bear, waterfowl and many other wildlife species. Winter recreation activities include snow machining, cross-country skiing, dog sledding, and ice fishing.

Main Tasks: Perform maintenance on 13 Public Use Cabins, ski trails, and snow machine trails. Assist in patrolling the area's remote lakes. Assistants will also help perform routine maintenance of snow machines and tools.

Special Projects: Collect backcountry use data.

Required Skills: Ability to safely operate hand and power tools, good physical condition, and ability to work in a winter environment.

Desired Skills: Carpentry and maintenance skills are helpful. Snow machine experience is suggested but not required. Applicants should be able to work independently.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Subsistence payment available. Housing is provided in a cabin near the rear of the ranger station. Shower and toilet facilities are provided in a neighboring building as well as the ranger station. Some winter gear, snowshoes, snowmachine, and portable radio provided.

Time Commitment: Two months (sixty days) minimum, September 30 - April 15

Application must include a resume. Application deadline of September 30, instead of April 1.

fax: (907) 495-6671

WINTER PARK CARETAKER (2 positions)

Park/Area: CHENA RIVER STATE RECREATION AREA

This park unit is located 30 miles northeast of Fairbanks (pop. 32,000) and is a quarter million acre multiple use recreation area. Bisected by the clear running Chena River and its tributaries, the area comprises a diversity of alpine tundra, boreal forest, and riparian habitats. Winter recreational opportunities include snowmobiling, dog sledding, cross country skiing, snowshoeing, ice fishing, hunting, wildlife viewing and trapping. The facilities include a system of maintained trails and public use cabins.

Main Tasks: Assist staff in daily operations, involving facility maintenance, visitor contact, and other duties as needed. Will include caretaking of the maintenance compound, brush and wood cutting, routine janitorial work, light carpentry work, snow removal, monitor vehicle counts, maintenance on snowmobiles, sleds, snow blowers, etc.

Special Projects: Monitor the use and the maintenance of six public use cabins including backcountry cabins, winter trail maintenance and construction.

Required Skills: Must possess a valid driver's license; have basic outdoor survival skills; be physically fit; willing and able to work in rugged terrain; ability to work independently with little or no direct supervision; ability to live in rustic accommodations; good public relations skills; able to communicate

effectively both orally and in writing.

Desired Skills: Operation and maintenance of snowmobiles, snow blowers, chain saws, wood splitter, brush cutters, and other power tools; winter trail construction and maintenance; carpentry skills; winter backcountry travel experience; winter survival skills.

Internship: Will assist volunteer in internship requirements and paperwork.

Allowance/Housing: Subsistence payment available. Log cabin with power and access to phone and computer. No running water.

Time Commitment: November 1 – March 30

WINTER CAMP CARETAKER/ HOST (1 fulltime volunteer position)

Park/Area: STARRIGAVAN RECREATION AREA, SITKA ALASKA

Enjoy and experience a winter volunteering in Southeast Alaska. Live in a quaint cabin 7 miles from Sitka, Alaska. Sitka is located in the panhandle of islands adjacent to the British Columbia coast and is only accessible by air or boat.

The Starrigavan Recreation Area is a joint management venture between the USDA Forest Service and Alaska State Parks. The recreation area offers 2 ¼ miles of loop trails adjacent to 34 campsites, 1 public recreation log cabin and 6 picnic sites with the recreation area (slightly more than ½ mile in length) receiving a phenomenal amount of day use activity in the fall and winter season. Interact with campers, hikers, artesian well users, dog walkers, health walkers and other recreation area users.

Required Skills: Full time volunteer position; Retirees preferred, individuals only; 6 month commitment; valid driver's license; good health and physical condition; capable of following directions and work independently to provide general grounds upkeep; good observation skills; experience operating gas powered equipment; good speaking skills and enthusiasm for working positively with the public; basic office and computer skills or be eager to learn quickly.

Main Tasks: Live within recreation area providing a Forest Service presence; assist in deterring criminal mischief and vandalism of facility; contact Forest Service staff or appropriate authorities in case of problems or emergencies; monitor need for light maintenance needs at host cabin; meet and greet visitors; daily monitor water system, facility use and keep appropriate records; monitor and post incoming camping reservations; check in/out reservations for log cabin, stock log cabin with split firewood; collect and process camping/log cabin fees; light maintenance includes cleaning fire rings, restrooms, campsites, log cabin after each use; removing leaf litter from boardwalk trail in fall (gas powered leaf blower provided) within the recreation area; open and close access gates daily in daylight hours when there is no snow; provide own snow removal at host cabin with government provided Kubota RTV (previous ATV experience required) or manually remove snow with a push shovel. Snowfall begins about mid November at which time daily duties are done via walking over packed snow on the access road ¼ mile to monitor water system, stock firewood for log cabin (multiple times a week), check on log cabin and monitor for any emergency maintenance needs; plow or remove snow in host cabin parking lot and on host cabin access driveway as it falls which can take anywhere from 2-4 hours depending on method of snow removal used.

Desired Skills: Experience with gas powered equipment; Experience operating any of the following: ATV/UTV/riding power equipment; outdoor winter enthusiast; comfortable living alone remotely (7 miles from Sitka) during shortest days of the year (6 hours daylight December and January)

Internship: Field experience only, not an intern position.

Housing: Volunteer lives in a small cabin (1 bedroom, kitchen/living/office area, bath and laundry) within the recreation area with all utilities furnished. Oil heat, electrical lights, phone (local calls only); indoor plumbing; other amenities available; requires conservative use of cabin water system. **Adults and non-smokers only; no pets.**

Allowance: Negotiated travel payment or reimbursement on Alaska Marine Highway to and from Sitka for self and vehicle 19 feet or less. Daily/monthly reimbursement possible.

Time Commitment: 6.5 months, Late September through early April.

Note: Personal vehicle required for transportation. Applications accepted through July 1st or until filled. State Park application may be used to apply for this position.
