SITKA, ALASKA. ,X MISCELLANEOUS.

SA-J.

TREASURY DEPARTMENT

Inclosure 1889

WASHINGTON March 15, 1912.

Hon. Albert James Wickersham,
House of Representatives,
Washington, D. C.

Sir:

Referring to your letter of the 8th instant, in which you request information relative abandoned buildings and grounds located in Sitka, which the Government has stated in its letter to the Speaker of the House of Representatives dated May 13, 1911, could be disposed of without detriment to the public service, I have the honor to transmit herewith a print of a map on file in this office showing the property in Sitka belonging to the Government.

It will be noted that this map bears date "1871", and while it is believed that practically all land owned by the Government is shown thereon, it may be possible that some changes have taken place since that date. Of the property indicated which is under the control of this Department it is deemed necessary to retain only the following:

Custom-House	(17)
Warehouse	(F)
Wharf	(G)
Boat house on Wharf	(E)
Russian Clubhouse	(19)

Revenue Cutter coal shed-not shown on map but located on wharf (G)
Lot,-site of former cabin on knoll (K)

LIBRARY AND MUSEUM
JUNEAU

The last named property is not at present in use by the Government, but in view of the statements of the Collector of Customs, under date of May 16, 1907, that it would probably make a good site for a public building if any such should be built in Sitka, it seems inadvisable to dispose of it.

It is suggested that some additional information which may be of interest to you relative Government property in Alaska might be obtained from H. R. Ex. Doc., No. 125, 2nd Session of the 40th Congress.

Respectfully,

Assistant Secretary.

HON. A. J. WICKERSHAM, MON. IS. 1912. S. SITKA, ALASKA, X MISCELLANEOUS.

Yellow represents Govt property.
Green " Church "
Private property not colored.

Better disregard coloring as it was too indistinct on the original map to be reliable.
