Went to hotel and to bed.
Jan 31. Left Pangopango on the boat "Upolu" Capt Francis Nelson at 7.30 A.M.
Sea very rough at times by Reefs.
Shared the boat orderly Corporal attended to his Excellency.
4 Native Samoans and 5 Chinese aboard for Tahiti.
Arrived Eimeo at 11.00 A.M.

While the boat was discharging freight took a walk about Ebenezer. The place has the appearance of an abandoned mining town. The Mine is closed. The Company has waterworks. Also general store. Visited the school. The school is very small. Had about 5 scholars, all small. The teacher Mrs. Heathorman said the people all moved off as there is no thing to do in town.

She teaches just the 1st and 2nd Grade At 12 we proceeded on the same journey to Tatitlek. The whole population met one as usual on the beach. All returning from church. Went to church & had Te Deum In the afternoon called on the teacher. Was surprised to see Mrs. Couplz. She invited me to dinner which I declined on the plea of "no time". At 3 P.M. blessed

water and went to all hours. I found them clean

Trip Cost 4.00

I am stopping at a native house belonging to Zacharias Krugoff. One of the Natchick Officers boys. The house we room and is very clean. Has a large bed stead with a good mattress and also a feather bed. Clean pillow cases and clean sheets. For a wonder they gave me the whole house where I can have some sort of privacy after they leave me to myself about 9.30 or 10.00 P.M.

Feb. 1. About 7.00 in the morning John Argoshin came in to make a fire in the stove. When the room was made comfortable and warm I arose. Then a girl came in to make my breakfast. She inquired what I would like for breakfast I said coffee eggs and mush. She informs me that there was no mush. I said never mind. And dont bother about it. But they at once

sent to Eldamar and brought two packages of Cream of wheat. I can mention anything but what they want to procure at once.

At. 9.00 I had service and then confirmed 5 babies. —

Cleaned sacramental vessels and other church things which were quite dirty.

At. 3.00 had mass and service for the dead with a procession to the cemeteries where short services were held.

Dined with Mrs. Couples. Had quite a talk with her. It is quite apparent that she does not bother about set frequent work or attacks any sanitation in the village. She holds short sessions of school. Both ring at 10, 11 & 12 A. M. and the school is dismissed at 2.00 in the afternoon

At 7.00 P.M. had meeting. Red Cross, Pick Mission elected. Mrs President for ensuing year. Red Cross Society.

About 10 new members came in

Gave much advice and instruction along social work and settlement work.
They gave me $65.00 for my trouble.

Feb. 2. Have to make fire dressed at 7.00 A. M. Dress 7.30. Service at 9.00 Clean things about after. All morning in preparation for service.
From 1.30 to 6 heard confession. Immediately after, with 20 minutes intermission began evening service. Came home at 8.30. Had supper and heard more confessions. Went to bed at 10.30.

Feb. 3

Service began at 8.30 A. M. Had about 80 for communion and about 20-25 children. Came home after 12. — Lunch and tried to take a rest without success. One after another people came 1.30 Tripple wedding. Brides dressed with veil and flowers. Society meeting at 3.00 P. M. Baptized one child that was brought

from Valley at 5 and confessed 4 persons right after supper by the regulars. Sat. Feb. 3 early service. Corpus Christi at 7.45 A.M. Supper.

Had a number of visitors to bother with.

Feb. 4

Heavy storm. No chance of going. Liturgy at 8:00 A.M. 5 had communion and about 10-15 children.

Came at 11. had lunch. N'atives do not advise Thursday. Wrote letters in the afternoon and looked over church accounts. Wrote up record books. Called on Mrs. Cyrus, the teacher. Service at 5 P.M. 6.15 Supper Weather does not look promising. The bus boat I am to travel on is small and I cannot take unnecessary risk If weather permits I must start early. The natives asked permission to have dance. Of course I said yes No use in depriv

ving them of mine
Quite amusement.

a dozen natives waiting for me. They just sat about and made the air heavy until 10.00. After they went back. I packed my grip and got ready to go in the morning. Just had a humble thy weather would change.

Feb 6.

Was awakened at 5.30 A.M. the man who came to make the fire in the stove said the weather was fine. When I drove which was about 20 minutes later I looked out of the window and found a clear sky, and a fine sunbeam shining. I looked at the bay and there was not a ripple on the water. Had breakfast and then made some final preparations and got aboard a small launch which took us to the Empress Covering for the 4 guns. Started for Cardova at

6.55 A. M. The weather is beautiful. Surrounding Sea. When the sun arose we were about 7 or 8 miles on our way. Fine weather and smooth Sea all the way. Arrive Quebec 3.20 P.M. Get a room at Albany Hotel. Washed up and at once and then turned up Rue Dorchester to be served this Church Then Gathered as many of the natives together as

announced that the Evening Service will be at 7 P.M. Went to Fred Gillens house. He had a supper ready for me but I declined the honor. However he insisted that I be served with food as he had so much stuff together and I had two Stevedores but to disappoint his hospitality in that. Before I forgot I paid for gasoline from Radcliffe & Co

Quebec 5.00

After supper I rang the church bell and shortly after the little Episcopal Church was filled with native people. There 5 children for confirmation all the way from 6 months to 2 years. Just as I began my work they began to yell. There was such howling not only from the children to be confirmed but from 10 or more others that were gathered about the Church. It was frightful. However I soon got them very rapidly and the howling was soon hushed for the time being. I had a short service and then heard confession until 11. P.M.

Was very tired when I came to my room. Took a bath which refreshed me and then I went to bed. Did not sleep well, too tired.

Feb. 7

Rose at 7.30. Was at the Episcopal Church by 8.30 and at once began service. Celebrated the Holy Eucharist of St. John. There were 47 adults for Communion with 19 children below 7 years of age. After the Service there were some who wanted private services. Had a mid-day service at the Church. Blessed one house and had a mid-day service at the same place. Then there were two more children brought for confirmation. Also two other houses to bless. Dined with Masha Mavka. Was surprised to see her about here so soon looking young fellow, until I recognized the face of his former Tage.

Had my lecture at the pioneer hall at 8 P.M. Dr Chase introduced me. There were about 60 present.

There was quite a good deal of interest manifested by the citizens of Cordova that there was not enough of publicity given there was also a misunderstanding as to my arrival in Cordova. -

The audience I had was select and appreciative. In a very short time after I began to talk I had their interest and sympathy. I talked for one hour and a half (1.30). After the talk the Ladies Auxiliary of the Commercial Club served lunch. I met so many nice people during the evening.

The Collection for my expenses met [illegible] me $7.50

I sold 14 booklets on the Museum.

The Pioneers and the Elks promise to have there reorganization drawn up Resolutions urging the building of a concrete

Lecturing for the benefit of the Specimens from the Library.
The meeting was quite satisfactory. I carried away a very favorable impression.
After the lecture I wrote letters until 12.15.

Feb. 8

The Alameda arrived at 7.00 A.M. Will remain in Port until 10.00 P.M.
Was invited to speech at the school at 1.00 P.M. Spent morning in writing letters and getting ready. Had some of the natives dressed for me. Spoke to the High School at 1.00 — Collected for the Catholic Priest 7.00.
The Priest had a letter from Bishop Grimmett to assist me in my work. He did nothing, making excuses that he did not know I was in town and that he knew

I was going west first. He said he did not see the newspaper which had an article about me and also about the letter. Evidently the girl's father did not have enough interest. He did not appear as a man who would be interested in libraries & museums.

The rest of the afternoon was spent in getting a room on the boat, getting my baggage down etc. Had dinner with Manuel Solomon and family. He has a young Hawaiian girl for his wife. She speaks English quite well. —

They have four children. All small. The dinner was quite palatable but served in a peculiar way. She tried hard enough, poor girl.

Came aboard at 9.00 P. M. Was

Mul came down with me. He sat in my room Talking about his second stand after and the way he smuggles his beer past the boat's crew, until I thought I would just drop asleep while he was Talking. I was very tired. In spite of the steam coming over my head I fell asleep at once.

Feb. 9

On Board Alameda. Came to Valdez early in the morning. I did not get up. Arrived at La Touche about 2 P.M. Went ashore. Called on Bon Shaw. Had tea. Visited with Paul Morris and went aboard. Alameda sailed at 5 and arrived Seward at 10.00 P.M. The day was beautiful, sea Calm all the way. Was met on dock by Cal Brosius. Conducted to Van Gilder Hotel. Had some difficulty in getting room as so many people came

to Sundard. Received mail from home. Made arrangement for lecture the next night. From reading letters had so much impression that I could not sleep.

Feb. 10. Saturday. Walked around town, met various people. Had invitation to dine with Burris, but declined as Perrys had planned me to stay here before. At 5 o'clock Clara, the daughter of Perry came for me and conducted me to their home. The Children have grown Willis is 6 ft 2 in tall. Clara is quite a young lady and Stella is a big girl. The dinner passed quietly.

Sundard lecture passed off very well. Sold book but open lecture

There was a dance after, for which I did not stay. The expenses for hall, advertising etc. were met by voluntary subscription Fancy dance.

Feb. 10. Wrote letters all this morning.

Feb. 11. Sunday. After breakfast had a long walk. In the afternoon Corporal Kinnard was baby belonging to Army Officer married.

Called on Capt. Johansen of the Steamer "St Croix". Spent evening with Mawson Sergeant and Mrs Wild. Read quite a long time after I came to my room.

Feb. 12. Monday. Was awakened at 6.15 A.M. to be told that the train was not to leave until 12. Noon instead of 8. A.M. There is a snow slide up on the road

Could not find out any definite information and spent most of the morning and afternoon in the hotel lobby for fear of missing train. No one seems to know just when it will go. In the afternoon was so tired and sleepy had to go to my room and rest. I left word at the desk that in case the train was to leave to call me. This morning at 9.15 A. M. talked to the high school

late in the afternoon have found that the train will not leave until 5 A.M. in the morning of the 13th.

Spent the evening with Perry's. Bill and Clara went to their lodge and I spent a pleasant evening with the Children.

Feb. 13th

This evening before I found that the train will not leave until 12 noon.

Spent the morning reading. Was invited

to lunch with Clara. She had lunch ready at 11.25. Sent my grips to the depot at 11.10. Had lunch with Clara Percy and went over at depot at 11.50. Train left on time. The scenery on the railway track was beautiful. Was surprised at the number of tunnels the train stopped at. The snow still [illegible] prevented the train from going over

in three places. Also quite extensive. The largest was about 20 ft high and 80 ft long.

Arrived at Angeles [illegible] at 6.30 P.M. Sent grips to Clarendon Hotel and with two drummers raced to hotel in order to secure room. When I arrived at the Hotel was surprised to learn that room was reserved by the Woman's Club. It is a very nice room with

bath. After washing up went to dinner At the restaurant met so many people who knew me and whom I did not know. Also learnt that the president of the Rotarians club and the President of Pioneers had been down to the station to meet me both of them said me in the restaurant from the train and came in to welcome me. It was quite nice of them But the Methodist ministers and his wife there soon upset my joining them at dinner.

Feb. 14

After breakfast met a number of people. Had lunch with the president of the Rotarians Club — a Mrs. Fitzgerald a very nice lady. In the afternoon I called on Japan Boundary. In the morning at 10.30 I talked to the school.

bath. After washing up went to dinner At the restaurant met so many people who knew me and whom I did not know. Also learn that the president of the woman's club and the Presidency of Pioneers had been down to the station to meet me but of them said me in the restaurant from the outside and came in to welcome me. It was quite nice of them but the Methodist ministry and his wife there who insisted my joining them at dinner.

Feb. 14

After breakfast met a number of people. Had lunch with the president of the woman's club — a Mrs. Fitzgerald a very nice lady. In the afternoon I called on Jane Bowdy. In the morning at 10.30 I talked to the school.

I was very agreeably surprised at the size of the school, the number of fine looking students and their fine appearance. There must have been about 200 hundred in the auditorium. In the evening Mrs. Ward, Capt. Burns, Lieut. Rockett & Tavier Shadwin from Kinau paid me a visit at the hotel. After they left Mr. Stone & Inglis came over called. I presented my letter of introduction. After this we chatted for some time. I gathered from him that Uncle Sam is set upon removing the Capitol to this place. He said there will be opposition to the building of the Museum at Honolulu, as they wanted him to Archetypage. I suggested that the Capitol if moved could finally, not prevent disposing

of the Museum building, which can be hired for other purposes than the museum and library. He saw the point and promised to support the measure. In the evening I received a long distance call from Fairbanks. The Pioneers and the Publicity assured me of their support & a good meeting ensuing day. They guarantee support. The lecture is advertised for the 22 of February.

Feb 15

Rev. Marples of the Presbyterian church called at 11 o'c. He told me that he heard from one lady that there was opposition to me because I was a Catholic priest. He explained he said, that this was not a religious question but purely a historical one. It is surprising how some people will

bringing up this question by the Roman Church once in a while. However he hastened to add that I need have no fears. The ladies of the Women's Club are working hard to make my lecture a success. The Women's Club hired the Empress Theatre for the lecture at a rental of $75.00 for the night, orchestra of 7 pieces included. — I am rather scared that they will lose. But they assure me that the theatre will be packed. They furnished 500 complimentary tickets.

Wrote letters.

Dined with Louise and entertained Katherine Dierks and Lester and her husband for the evening. She asked to have her baby baptized. I promised to do so. I invited them for a cup of tea at the restaurant.

Feb. 16. After breakfast. Rode out to Theis called on Rev. Marple. The man asked me to preach on Sunday which I declined. Called on Rev. Lowndes of the Episcopal Church. Asked him to announce in his church on Saturday morning and Sunday morning, as the members of my church desired a desire to have Communion. Rev. Lowndes also asked me to preach which I also declined.

There was to have been baptism in the afternoon but was postponed to tomorrow owing to preparing and administering preliminary to the services.

Dined with Rev. Lowndes and family at 6.00. This is the last time for my lecture so feel rather nervous, not because of the talk, but on mostly on account of the great expense

attached to hiring of hall. The Wyandis Club of Quakertown hired the Empress theatre at $75.00 for the evening.

I arrived at the theatre at 8½. The seats were almost all filled. The orchestra was playing. I went back of the stage and waited. After the opening piece by the orchestra there were two more numbers rendered - all very nicely played. Then a Mr Hatch came and sang a solo and an encore. Mrs. Lamm the president of the club Mr. Lamm and myself were introduced by ourselves. His voice trembled so much and his hand must have pained him as he could hardly speak. At the end of his speech I came on. The boy that was filled. I had a box of tools before me, and expected to hear what I had to give

then. I went through the opening remarks with a little humorous remarks about writers of history and in which way put the audience in sympathy with me.
I talked for one hour and a half. While talking I watched my audience and all were eager and interested hearers.
After the lecture I was given a reception at the Pioneer hall, where I met so many new people. Then I made a short talk again. Then there was lunch and then a game of golf and then I was not found of receptions, I kept this one I thoroughly enjoyed.
I came home at 12.30. Wrote a little took a bath and went to bed.

Feb. 17

Up at 8.30. After breakfast I went out by a Mr. Sinclairs,

who took me to his Cabin and showed me some specimens of ore by passing [illegible] which he held. There was not much to see. The best specimens were a few copper tea-kettles and a copper bowl for a Samovar etc. Was introduced by a Mr. Lucky of the Anchorage Times. Then again by a Mrs. Lyons of the Pathfinder and might after by a Mr. Jessen of the Anchorage Times. At 8.30 called on Mr. Berry of the R.E. Conn. Presented my letter of introduction from Lord Bonc. Asked me a Dance to Fair Banks and return to Seward. He said at first that he did not know if it could be done on the ground of my being the Editor of the Mirror, but may be arranged for me as a Privat

He said he would consult with his legal adviser. Finally he said it would be handled in the state. Later I met Wm Bates their Marshall and he said it would be all right I hope so.

Right after that I baptized one baby and confirmed one. The Baby baptized was Lloyd's. —

In the evening had service at Episcopal Church. There were about 40 present mostly visitors. Heard confessions except they came back to the hotel. Was invited to have coffee with one doctor, a Mr. Landrieau aged Mr. & Mrs. Thomp son. Came to my room at 12.00. Took a bath and went to sleep.

acquisition. It is a wonderful addition to our collection. The acquisition of this region will be worth the expense of the whole trip.

In the afternoon had a long ride with Sully on his dog team. The road is good, the dogs pull well and the air very exhilarating. Returned just in time to wash up and get warmed up. At 5 went to dinner at Mrs. Fitzgerald's. Her husband is dog but can hire by attaching one. However I had a very enjoyable time. At 7:00 I came to the Hotel where I met Conrad Molly, who came to me in the afternoon before I left for my ride with a request to baptize a child born belonging to a Russian woman, who had been at Hope City, where there was no opportunity. She had left her husband on account of non support. Conrad is living with her now waiting for a divorce when he will marry her. The

Children ranged all the way from 12 months to 10 years. After the service of baptism tea was served. Arrived at hotel at 10:30.

Feb. 19

Left Anchorage at 1:30 - Secured a Pullman sleeper. Slept very well, considering jolting and close air. Arrived Nenana Feb 20 at 7:10 a.m. Morning was cold and windy. Went to Hotel then called on Phillips at the school. Talked to the school. Called on the Episcopal mission people. The weather was quite cold as a heavy wind was blowing with a temperature of 10 below zero. Left Nenana at 2:00 P.M. Feb. 20. The train left station on the other side of the bridge, after a wait of almost three hours. The coach was cold close to the floor and very stuffy and warm about 5 ft above the floor. The train was three hours late in arriving at Fairbanks. Judge & Mrs. Clegg met me at the station. I was driven to the Hotel in an

apts. Judge Clagg & his wife had been waiting for me in order to have dinner. I cleaned up as soon as I could and with the judge, who waited for me in the lobby, walked over to his home. Mrs Clagg served a very nice dinner. Their kindness and attention overwhelmed me. I left their home after dinner at 10.30. It was almost 12 when I went to bed.

Feb. 21

Immediately after breakfast I was invited to address the school. The call came from Mrs. Clagg. James Moore the groom Worden came to the Hotel to conduct me to the school. Mr. Moore sort of adopted me and appointed himself my guide during my stay at Fairbanks.

At 8.45 I left the Hotel and accompanied by James Moore arrived at the school at 8.55

I met W.W. Keller the Superintendent quite a young man but, as I understand quite efficient worker and a good disciplinarian. Next term he is to take charge of Juneau school.

I lunched with James Myers at his home. Mrs. Myers is quite a nice lady much my refined looking than the husband.

At 12.15 We boarded the electric car for the College. It was a peculiar sensation to me to ride in an electric car again. And I had to come all the way to Fairbanks to ride in one. In our party was Lee Brown of Nome Representative. Wilson Alas grass Nome Mrs. Clegg and my official guide Moore. Also Geo. Preston the President of the N.A.C. Co. President Bunnell met us at the entrance of the College. We spent a very delightful afternoon in the College. We were given the opportunity to see the work of the stu-

duds, and the instruction given the students. It was a revelation to me. They are doing wonderful work. It seems me that the college building was over rated.—

On the return trip I called on Father Jette the Catholic Priest, who made a thorough study of the natives of the interior. Father is quite weak from his operation. When he was charged and talked to me for 20 minutes.

In the evening I dined with Mr. & Mrs. Hess. There were two professors and their wives from the College and also the Man in Charge of the Experimental Farm and his wife. The evening passed very pleasantly.

Feb 22

I had a free morning, which I spent in visiting various Fairbanks & whom Mr. Hess gave me letters of introduction. Jones Mears was with me

all the time.
I had lunch with him at a restaurant. At 3 P.M. I delivered my Lecture at the Empress Theatre. There was an orchestra of 5 pieces also a young lady sang "Alaska my Alaska". I talked for one hour and a half to a large and very appreciative audience. After the lecture I met a number of people — Judge and Mrs. Clay accompanied me as far as the Hotel. In the evening I dined with Mr. & Mrs. Collins. Brown and Wilson were also there — We spent a very pleasant evening.

Feb. 20

Left Fairbanks at 8.00 for Nenana. Arrived Nenana at 12.45. Lunched with Mr. Hutchins the Fairbanks Banker. Delivered my Lecture at the Schoolhouse at 3.00 P.M. Most of my audience was composed of old pioneers. There were only 5 ladies

present. The weather was very bad. Very cold wind, almost a blizzard with a temperature down to Zero. There were sixty-three about 40 or 50 present.

In the evening I dined at the Episcopal Mission. Miss Alice Dwight is in charge of the school with two assistants. Mr Tatum is the Minister. — I was rather nervous about missing my train. The Minister and the ladies assured me that I had pretty [illegible] time. The train leaves at 8.02 & at 6.45 they had the dogs hitched and took me to town. It took about 4 minutes to make the trip that required 25 minutes to walk. I had plenty of time. At the station I met Florence Korte, who is working in the Railroaders Kitchen. The train left on time.

I was agathen Tera from the Long rid and Return I went to my sleeping early and immediately fell asleep.

Feb 24.

Arrived a Anchorage at 11.55. Some of my friends Comfort met me at the station. Sellers brought my church grip which I left in his charge. Left Anchorage 12.25 and arrived at Seward at 6.10 P. M.

Feb 25

Visited the Episcopal service. The Minister from Anchorage came to Seward to hold service. Communed with Perry. In the afternoon visited some of the Kodiak and Afognak people. They are desirous to take the Holy Communion. I proposed again they thus communicate. Had the power of one hour in the morning and enjoyed it

very much.
In the evening
was invited to
a picture show
by a Mr. Johnston
of Fairbanks.
He is the represen
tative from there.
Feb. 26
Spent the day
in reading. The
weather is bad.
Evening conclud
ed no opportu
nity for walking.
In the evening
called on Sverup

The Victoria could
not leave until the 28 in the
evening. The steam
ner is so crowd
with the Weekly
Day Evening train.
Feb. 27.
Spent morning re writ-
ing letters. Had dinner
with Perrys. Left at 7
P. M as I had an engage
ment with some Russians
from Ayanova in order
to give them service.
I held the service in
a house that was
not occupied. They
rigged up a large
stove in one of the
rooms, which suffo

sent to heat the two rooms used. —

After the service heard confessions. There were 4 women one adult and one boy. Had tea with Madison.

Feb. 28

Service in the morning during which the people who were present took Communion. They were so pleased to have this opportunity.

Had lunch with the people.

The Watsons came in early in the morning. At two in the afternoon I went aboard to inquire if I could come aboard as the order from the ship stated that the passengers would not be allowed to come on board until 7.00 P.M. In going toward the ship I met the purser. I asked him if I could not go on board. He said "you can come on board at any time." I went on board and met the Captain and the 1st Steward and they both invited me to come on board at once. So I returned to the hotel to get my

grips. I met Milton Newell on my way up, who helped me with my grips. My room was no 17, which I did not like. In the smoking room I met Otto Kraft. After some conversation with him, we went to the Purser's office. I mentioned about not liking my room. The Purser at once said I could get in with Otto Kraft. This room is the Bridal Chamber. It has one brass bed and one hanging bed over it. Otto at once invited me to have the brass bed as he would take the hanging bed. I made quite a remonstrance but he would not hear of this. There is a separate saloon, for a lavatory with hot and cold water. So I am very comfortable and certainly in luck.

In the evening I called out Percy's. I left them at 8.30. The boat sailed at 9.0. The weather is clear with fresh North winds.

March. 1—

I got up at 5 a.m. in order to see Star Glass off at Latouche. I was disappointed as he was not there. I was anxious to get some mints from him.

Arrived at Valdez at 10.30 a.m.

Here I learned of the death of Nash. Wiggins. He was drowned on his way from Cordova. This upset me very much.

Arrived at Cordova at 6.00 p.m. Took a walk up town and back. Did not get to see Dr. Chase, who promised me some specimens. He was out so I was disappointed again.

The boat sailed at 7.30. The weather is changing

March 2

Got up. The sea this is overcast & light snow falling. Wind from N.E. The motion of the steamer is not enough to make one ill, but yet one does not feel very good. I went to all the meals, but spent

day in laying down.
I am at Captain's
table. There are two
sittings.
Toward evening the
wind, which was
quite fresh during
the day died out some.
It looked to me as
if we would have
a Southeaster.
March 3
On arising I noticed
that the wind was
in our stern from
S.E. but the ship
was entering Cross
Sound. We were
just in time to get
out from the Storm
It was blowing quite
fresh in the Cross
Sound and Juan de Fuca Straits
but not enough
to rock the ship.
