## VESTRIS

Radio proved it's worth by summoning aid to the large Lamport & Holt liner "Vestris" which listed to her side and went down off the Virginia Capes on Nov. 12, 19 in what is one of the worst sea disasters since the "Lusitania" Of the crew and passengers numbering 328; 108 were lost and 220 saved. None of the 13 children on board were saved though, and most of the women perished when the first launched boat capsized and went down. Capt. Wm. J. Carey and wireless operator Michael O'Loughlin went down at their posts. Nine ships answered their call including the "American Shipper" "Berlin" "Myriam" and bat leship "Wyoming" The reason for the tragedy will be the subject of a Gov't investigation.
