

# PARTNER

WITH A STATEWIDE  
ORGANIZATION  
LOCATED IN JUNEAU

**Electra Gardinier, Office Manager,  
Alaska Network on Domestic Violence & Sexual Assault**

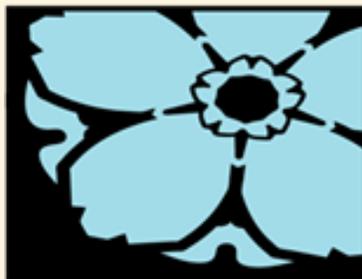

*When Electra Gardinier, the office manager for the Alaska Network on Domestic Violence & Sexual Assault (ANDVSA), needed to access the resources available in the ANDVSA library she didn't know where to start. Materials were coming in faster than the non-profit's limited staff could organize and catalog them, making it difficult to provide critical information and assistance to eighteen organizational members. Electra turned to the Juneau Chapter of the Alaska Library Association for assistance. A core group of volunteer librarians and archivists donated 136 hours between October 2012 and May 2013 organizing, cataloging and creating an online catalog of their collection that ANDVSA staff will be able to maintain.*

*Now Electra not only knows what resources are available in the ANDVSA library collection, she knows where they are located and she can easily share the library resources online with members of the ANDVSA network.*
