

00:54 to: *Sharron*

o - well actually we marketed our lib as a volunteer lib

03:55 to: *Sharron*

Glennallen

05:34 to: *Sharron*

sorry

20:09 to: *Sharron*

no - not really! Can't think of any but am sure we have a few.

23:48 to: *Sharron*

wow

24:34 to: *Beth Skow Palmer Public Library*

It is kind of a double edge sword. We are at capacity space wise for our programs.

25:18 to: *Beth Skow Palmer Public Library*

would love more people coming through the library.

28:13 to: *Sharron*

yes!

28:56 to: *Sharron*

We are using a survey we made up - and it is dealing with the OWL program.

29:51 to: *Amy*

I'm lucky enough to get a few minutes every week on our local (Ketchikan) NPR.

30:27 to: *Amy*

Talk about upcoming programs, remind people about our website and to LIKE us on FB, and to let people know of all the library offers.

30:32 to: *Amy*

I talk FAST. ;-)

31:34 to: *Amy*

Numbers at our programs. Now we have a plan because I got a an ILC grant.

31:54 to: *Amy*

I would like to get more teens in the library -- hence the tech outreach and the catapult competition.

32:23 to: *Amy*

It was important enough to the city that I was able to get a 29-hour position hired, so now we're a library of 1 3/4!

32:45 to: *Sharron*

We have started a robotics club - which also brings in parents and younger children.
Every monday!

33:19 to: *Sharron*

Advertise with photo's on facebook and web page. This seems to be working

33:54 to: *Sharron*

Yes - just have to find a volunteer! NOT me!

34:13 to: *Amy*

May I toss this out? It sounds like NSF is going to be getting \$ to expand the Pushing The Limits book-video discussion program for adults. I have all the information, some materials and books left if

34:13 to: *Amy*

anyone is interested in giving it a go. It was great and well-attended in Craig.

34:47 to: *Sharron*

Yes - but only this fall maybe

35:03 to: *Amy*

It's a themed discussion -- Knowledge -- Connections -- Survival -- and Nature using books and videos

35:05 to: *Beth Skow Palmer Public Library*

i would need to find out more. m

35:07 to: *Sharron*

tooooo busy this summer with summer reading program and robotics

35:21 to: *Amy*

We used it in the winter. It got people out of their houses.

35:42 to: *Beth Skow Palmer Public Library*

my big push is for someone to be able to help teach the adults on technology.

36:01 to: *Amy*

We use Craig Rec/Youth Center for our movies, LEGOs, and Minecraft in the summer.

36:16 to: *Beth Skow Palmer Public Library*

there is a huge need for adults coming in on how to use the computer, set up emails, file pdfs...

36:41 to: *Amy*

Have you checked out the OWL tutorials? I've used them to teach people (shhh...they think I'm smart) ;-)

36:49 to: *Sharron*

We have expanded to the school shop with the CNC machine. So far only making signs but this fall a gyro copter is on the drawing board

37:17 to: *Amy*

COOL! Anyone subscribe to MAKE Magazine?

37:52 to: *Sharron*

no - what is that?

37:56 to: *Beth Skow Palmer Public Library*

no

38:15 to: *Beth Skow Palmer Public Library*

i am taking lots of notes. and have my brain clicking away with ideas

39:00 to: *Amy*

I also have to admit -- I changed where I got my morning coffee, because now I "run in" to Council Members at the new place.

39:10 to: *Sharron*

??

41:03 to: *Sharron*

Oh - glennallen is very limited at "other" places. No one is competing other than with Amazon and wireless connections.

41:22 to: *Sharron*

yes!

42:07 to: *Amy*

Do you get time on KCAM, Sharon? I always wondered that...

42:32 to: *Sharron*

yes - just have to find someone to do it. my plate is way to full.

42:42 to: *Amy*

K-C-A-M Radio -- it's just down the street

42:45 to: *Sharron*

it is our radio station

42:59 to: *Beth Skow Palmer Public Library*

Our competitors are for money the sports organizations. The sports community is very vocal and present when it comes to getting money.

43:07 to: *Sharron*

just bookmarked make a magazine it is great

43:31 to: *Beth Skow Palmer Public Library*

library supporters and users do not want to be in the public eye

43:48 to: *Beth Skow Palmer Public Library*

We just did have a MTA /Library 5 k race.

43:58 to: *Beth Skow Palmer Public Library*

\$1300

45:01 to: *Beth Skow Palmer Public Library*

The library users are not used to being seen in public. They do not want to be seen or acknowledged.

45:25 to: *Beth Skow Palmer Public Library*

I am gathering their stories to speak for them on what the library means to them.

49:43 to: *Sharron*

no -thank you very much. Have given me a lot to think of

50:32 to: *Sharron*

you too
