

06:40 to: *LAM*

Yes, that is what Patience explained to me

06:59 to: *LAM*

Do you have school and public librarians staffing these libraries?

08:35 to: *David Ongley*

Yes, school library aids during the day and public library aids in the evenings and Sat. They are all part time however and the library is unstaffed during much of the day.

09:00 to: *David Ongley*

That's my old car!

09:26 to: *David Ongley*

the red

10:58 to: *David Ongley*

We have to play nice with school principals.

14:13 to: *David Ongley*

The difficulty here is the distance between the branch libraries and Barrow. We often don't see each other for months at a time. We use email, phone and Video to stay in touch. Good but not as efficie

14:13 to: *David Ongley*

nt at face to face.

16:55 to: *David Ongley*

We get grants. Each branch gets a PLA grant from the ASL and another from IMLS Native library program. The Borough provide the match

17:14 to: *David Ongley*

The school district has minimal funding

17:52 to: *David Ongley*

I am the only librarian for all 7 schools Lisa

20:33 to: *David Ongley*

All access is through the school. The evening library functions during community rec times. We let teachers take books on the honor system.

21:08 to: *David Ongley*

said Lisa

22:08 to: *David Ongley*

Who will pay for the school librarian?

25:00 to: *David Ongley*

We are open during the day with minimal hours by the school library aid. The evening library is staffed for 12 hours a week through the grant. I train all the aids.

26:29 to: *David Ongley*

This is the bright side of the collaboration. We work together to meet the needs of all our patrons.

27:21 to: *David Ongley*

The adult collection is shelved separately from the student collection.

27:43 to: *David Ongley*

There is no censorship.

30:26 to: *David Ongley*

No challenges here.

32:49 to: *David Ongley*

This has been a problem. One school unplugs the internet in the library during the day as they don't want their students on facebook.

33:53 to: *LAM*

There are ways to filter/block facebook from the internet. You may want to talk to Shane Southwick, OWL Coordinator to find out how this can be done by your internet provider.

36:30 to: *David Ongley*

The library computers were supposed to be filtered during the day but the school district never got that to work. Now that they are no longer on the OWL network the filtering is in place. The evening

36:30 to: *David Ongley*

ning patrons are free to use whatever they want. No filtering.

38:47 to: *David Ongley*

Public library has no open hours during school hours, but some schools allow public in during the day.

40:09 to: *David Ongley*

Programming is the hardest nut to crack, but we have made some progress in the last few years.

41:47 to: *David Ongley*

Staffing continuity is our biggest problem.

44:11 to: *LAM*

46:12 to: *David Ongley*

The libraries here serve as one of the only places for folks to go to get out of the house and to have free internet. They are too small for most community events but small classes or on line classes

46:12 to: *David Ongley*

are an option.

46:17 to: *David Ongley*

Lisa

53:29 to: *David Ongley*

Thank you both.

54:17 to: *David Ongley*

You too. Bye
